MERGING TRADITIONS CREATIVITY BRING FUTURE

A MESSAGE FROM THE PRESIDENT

Dear Valued Clients,

My life has been devoted to the realm of interiors. Through my educational journey, practical experience, and continuous evolution, both personally and within my company, I have remained steadfast in the pursuit of turning my clients' dreams into reality.

Enterijer Janković boasts a 32-year legacy as a premier manufacturer of high-end interiors, catering to upscale residential and commercial properties. My personal journey in interiors commenced in a humble furniture workshop, and over the course of 32 years, I have transformed it into an international enterprise with a workforce of over 500 individuals, including 120 engineers and architects. We have a global presence, spanning every continent and reaching 19 markets, from Miami to London to Astana.

Our company is headquartered in Serbia, and our production and manufacturing facilities, covering more than 40,000 m2, are meticulously divided into specialized divisions focusing on distinct interior product assortments. Equipped with cutting-edge technology and machinery, we take pride in offering a diverse range of engineering and production services.

As an interior-focused company, the majority of our products are crafted in our high-quality and technologically advanced production facility. Our highly skilled and experienced personnel work collaboratively with our specialized engineering team, a source of great pride for us.

Our extensive expertise empowers us to provide a comprehensive "Turnkey" service, positioning us as leaders in interior furnishing. As a multidisciplinary organization, we offer design solutions, manufacturing, transportation, installation, and project management.

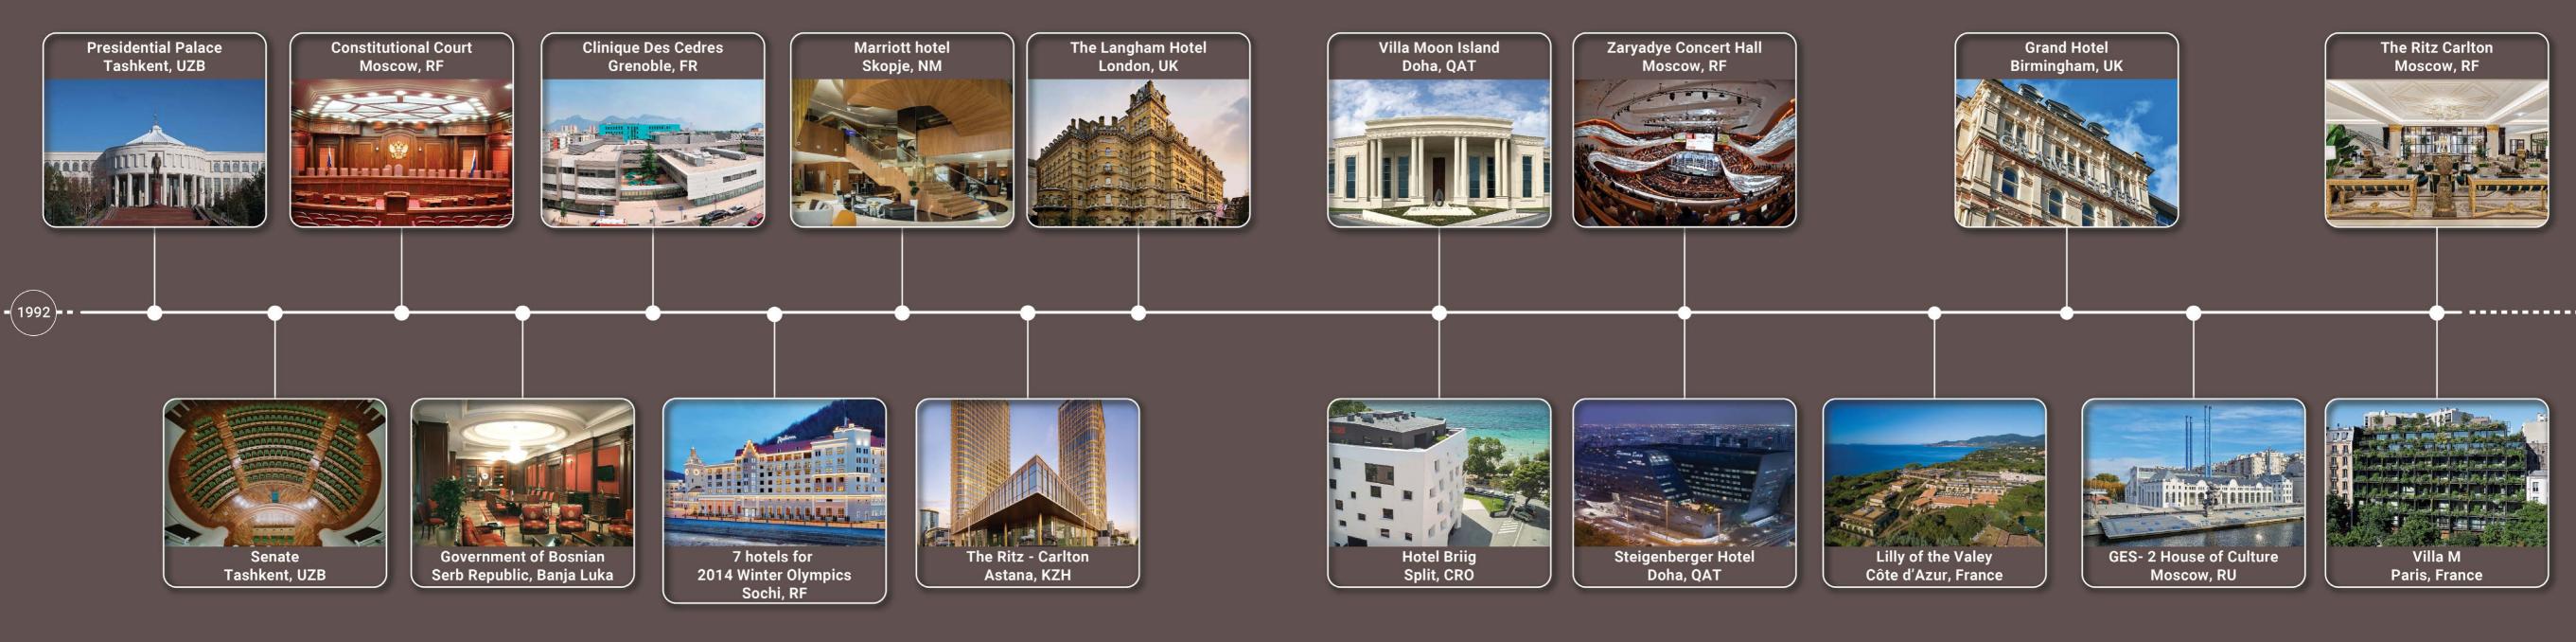

We take immense pride in our achievements, propelling us to concentrate on enhancing and developing our goods, services, and systems. Our continuous efforts are directed towards improving our organization across all aspects of our business.

At Enterijer Janković, we stand ready to assist you in bringing your dream interior to life.

Sincerely,

Božo Janković President of EJ Group

MAIN PROJECTS TIMELINE

HOTEL London, United Kingdom

The 5-star hotel, established in 1865 and situated on Regent Street in London, posed a significant architectural challenge. Our company took on the task of crafting furniture, joinery, and fire-retardant doors for the rooms, bathrooms, and corridors of this prestigious establishment.

With 333 rooms and 47 deluxe suites, the hotel stands as a testament to our commitment to delivering quality and excellence in interior furnishings for upscale hospitality spaces.

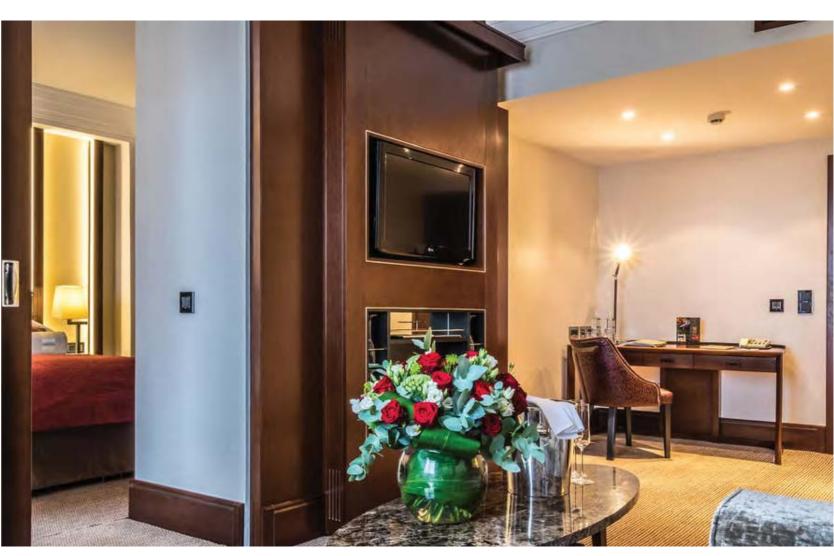

THE WESTBURY MAYFAIR

London, United Kingdom

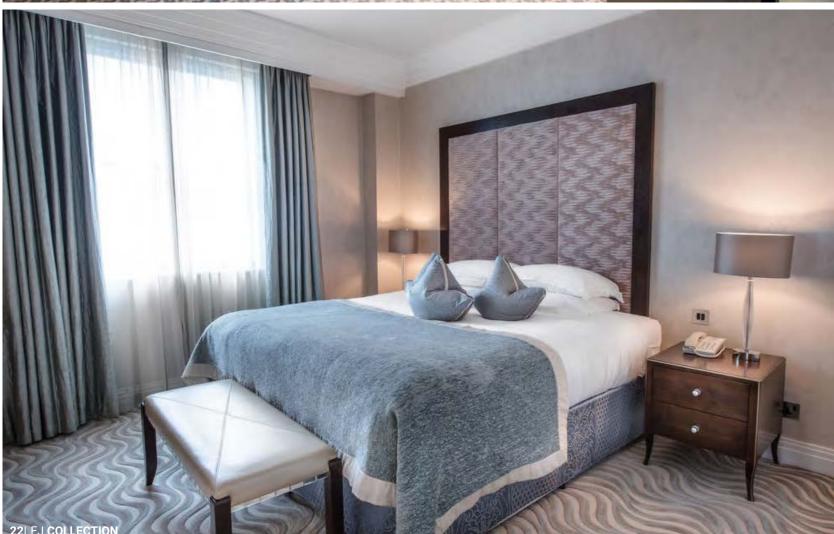

This represents another one of our upscale hospitality projects where we provided a comprehensive "turnkey solution." Situated in Mayfair, London's most prestigious destination, this 5-star hotel is part of the globally renowned hotel chain - Starwood Capital Group.

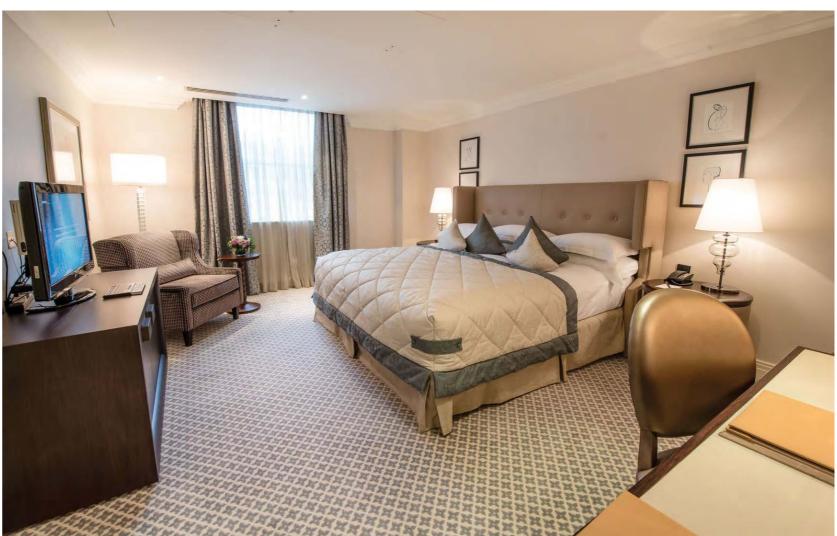

The Westbury Mayfair boasts 246 luxuriously and elegantly designed rooms, all furnished with the signature touch of Enterijer Janković. This project exemplifies our commitment to delivering quality and sophistication in every aspect of interior design and furnishing within the realm of high-end hospitality.

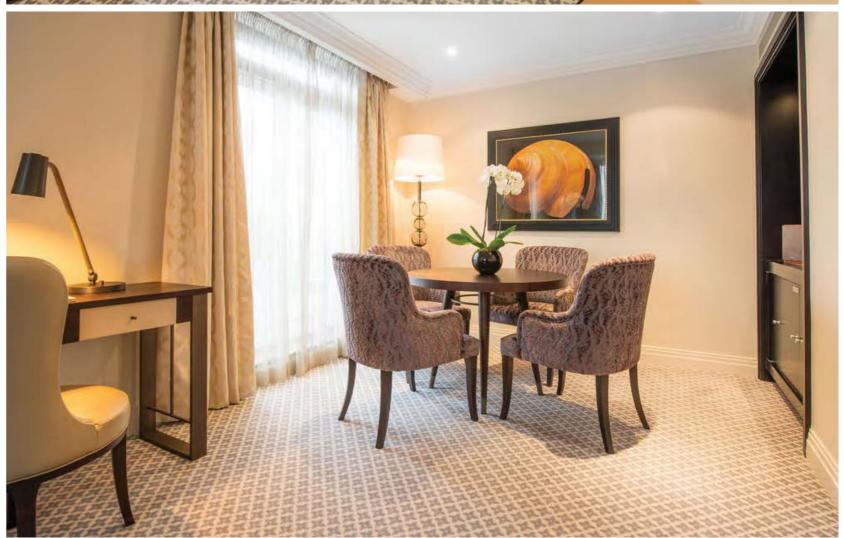

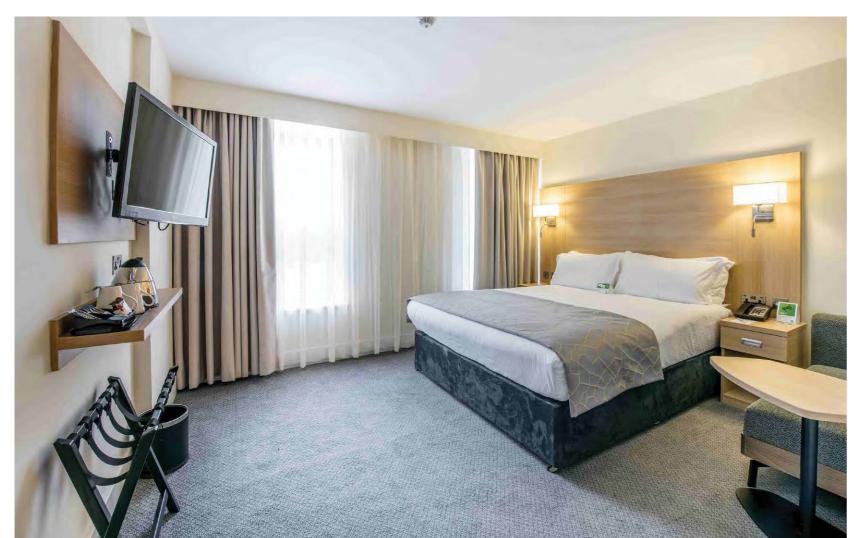

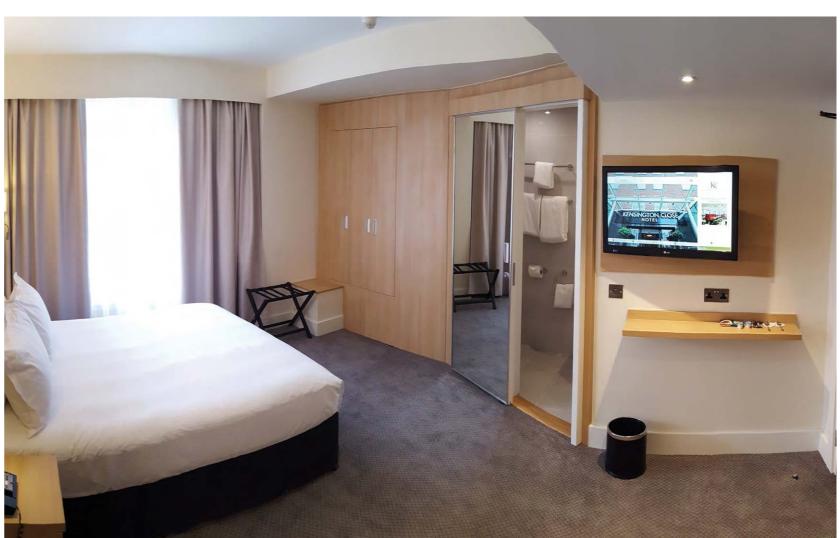

HOLIDAY INN London, United Kingdom

Situated adjacent to High Street Kensington, the largest Holiday Inn in Europe is one among several hotels in London that we have actively contributed to in recent years. For this specific project, our responsibility was to furnish 700 rooms along with a café that proudly serves coffee from the globally renowned Starbucks chain.

This undertaking underscores our commitment to providing comprehensive interior solutions for large-scale hospitality projects in the dynamic city of London.

Edinburgh, London, Glasgow, **United Kingdom**

YOTEL

Amsterdam, **Netherland**

Istanbul, **Turkey**

The Yotel concept originated from a visionary moment during a first-class flight, where the founder envisioned achieving a luxury experience within a compact space through clever design and technology. To bring this vision to life, the team collaborated with aircraft cabin designers Priestman Goode, creating a prototype room known as a 'cabin.' The original prototype was showcased at the 100% Design exhibition in London. The subsequent generation of cabins features en-suite bathrooms, complimentary WiFi and wired internet access, and state-of-the-art 'techno wall' entertainment systems.

Our company played a role in furnishing both public areas and rooms, contributing to the realization of this contemporary and modern concept hotel in four different cities. This project aligns with our commitment to adapting and implementing innovative designs and technologies in the ever-evolving landscape of hospitality.

GRAND HOTEL

Birmingham, **United Kingdom**

The hotel, originally inaugurated by Isaac Horton in 1879 to designs by Thomson Plevins, has a rich history of hosting both royalty and rock stars. Over the years, it has served as a central hub in the city for meetings, networking, and hosting incredible events, particularly in its breathtaking Grand Ballroom.

After undergoing an extensive £50 million restoration and refurbishment, Birmingham's original grande-dame hotel proudly reopened its doors in May 2021. This marked a significant moment as the hotel had remained closed for nearly two decades. The meticulous restoration not only preserved the historical charm of the hotel but also established it as a modern and vibrant destination for visitors and events alike.

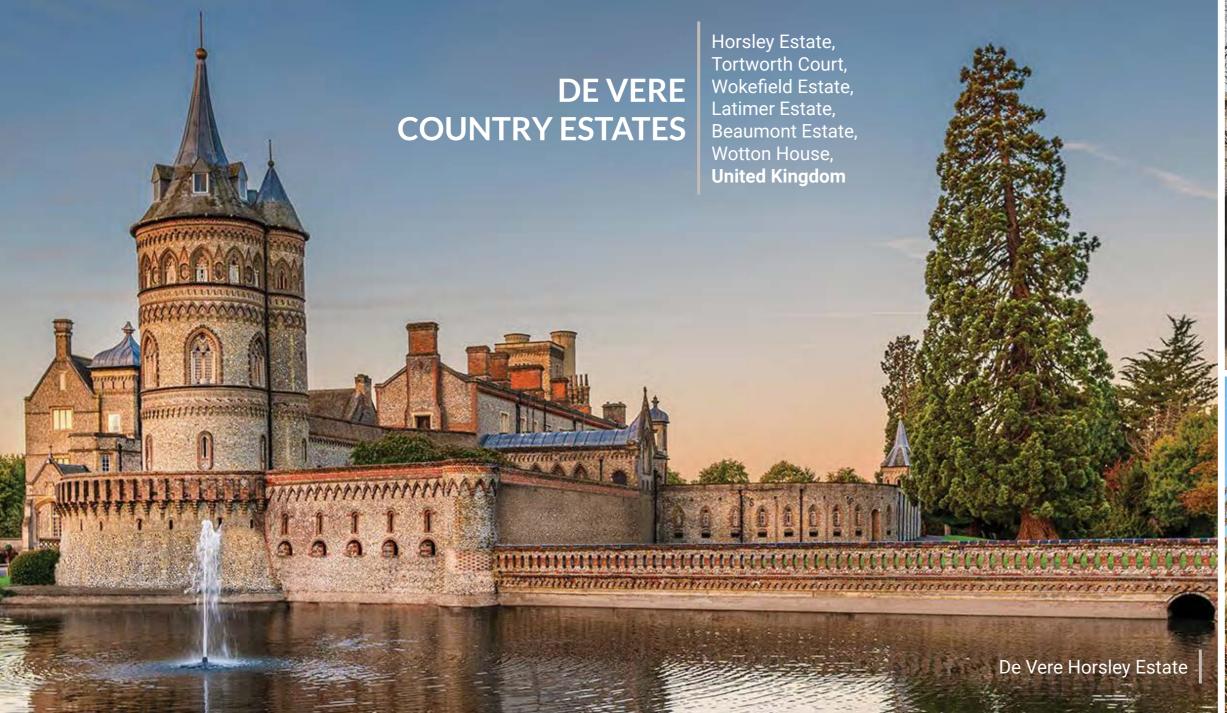

EJ Interiors Furniture has played a pivotal role in the remarkable transformation of various country estate hotels, to luxurious countryside retreats under the Principal Hotel Company brand, affiliated with the Starwood Capital Group. Our engagement in the refurbishment projects for hotels such as Wotton House, Tortworth Court, Latimer Estate, Beaumont Estate, Horsley Estate, and Wokefield Estate, as well as the creation of sample rooms for others like Selsdon Estate and St. David's Cardiff, underscores our company's commitment to restoring historic properties to their former glory, while seamlessly integrating modern amenities.

This achievement not only reflects the quality of EJ's design and craftsmanship but also highlights our unwavering dedication to continuous improvement, creating distinctive, imaginative, and individually tailored spaces of high quality and integrity. It is evident that EJ Interiors Furniture has left a significant impact in the realms of hospitality and interior design.

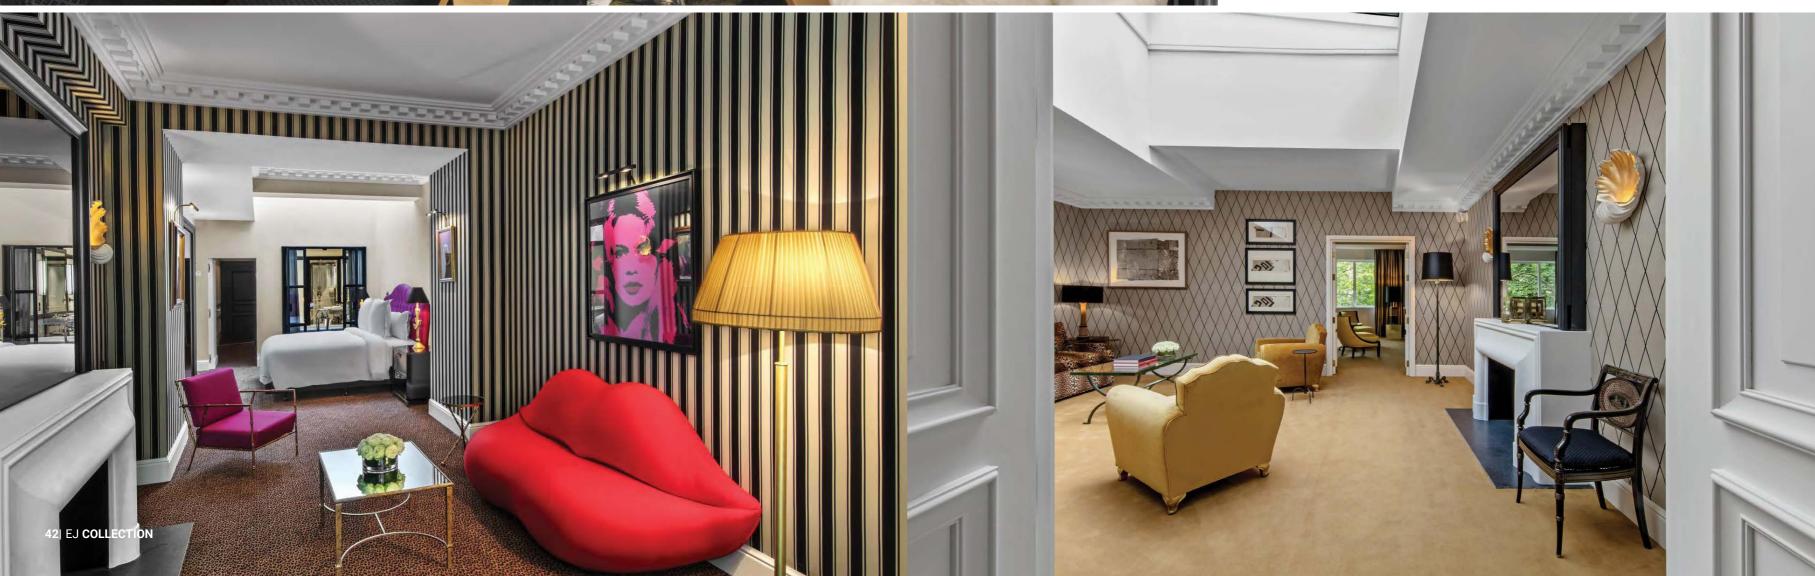

HÔTEL DE BERRI Paris, France

Hotel de Berri, a Luxury Collection Hotel, situated in the heart of the City of Light in the 8th arrondissement, offers a myriad of cultural activities. Located just steps away from Rue du Faubourg St Honoré and the Triangle d'Or, encompassing Champs-Élysées, Avenue Georges V, and Avenue Montaigne, the hotel finds itself surrounded by fashion boutiques, art galleries, iconic landmarks, and the vibrant Parisian nightlife.

In celebration of the greatest names in decorative arts from the 20th century, the hotel seamlessly blends the cachet of an esteemed private art collection with Parisian elegance. The result is an authentic and homely atmosphere that captures the essence of luxury and sophistication, making Hotel de Berri a distinctive destination in the heart of Paris.

"Contributing to Villa M is an honor and an opportunity for me to finally do what I always want, but couldn't do with design: where design can improve life, it cannot save it. Here I had the opportunity to work on a machine around life, a vital machine." Ph.S.

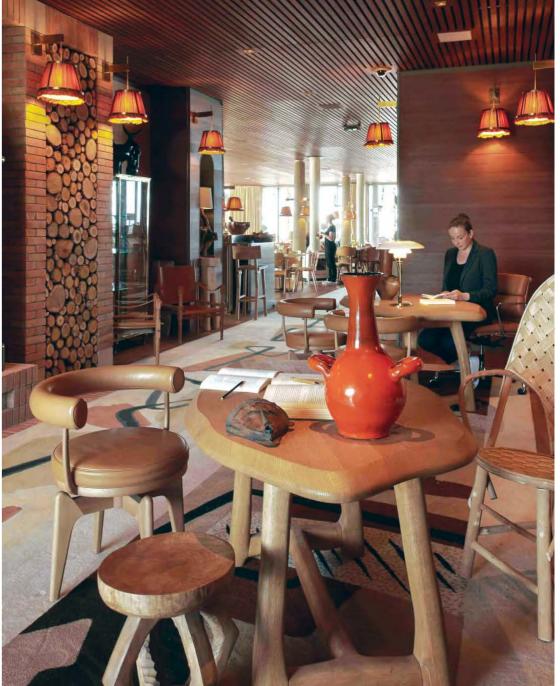

LILY OF Côte d'Azur, France

"All my life, I have dreamt of being here.
Somewhere between a subconscious antiquity
and extreme modernity, which is without doubt
the best place in the world to live.
It is the fulfillment of my physiological dream
of architecture." Ph.S.

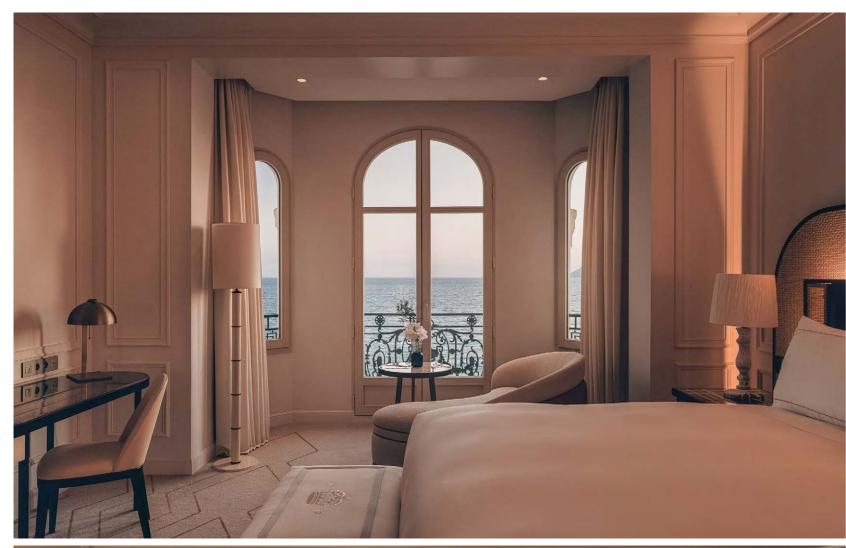

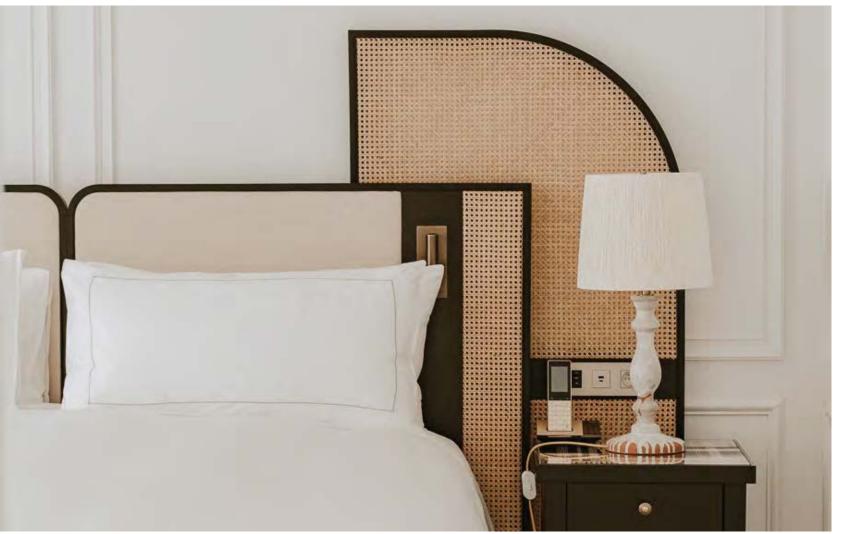

Situated in the heart of the Cote d'Azur, the iconic Carlton Cannes, a Regent Hotel, has recently reopened its doors. The 332-key hotel underwent a comprehensive renovation led by French interior designer Tristan Auer. This two-year-long renovation aimed to preserve the hotel's historic features, including its Belle Epoque facade.

Noteworthy additions to the property include two new wings, now housing luxury residences, which gracefully envelop the rear of the hotel. This expansion has given rise to an enclosed landscaped garden, enhancing the overall charm and allure of the iconic Carlton Cannes.

MONDRIAN CANNES (Former Le Grand Hotel) Cannes, France

Situated on the renowned Boulevard de la Croisette, a mere 550 meters from the Palais des Festivals, the Mondrian Cannes welcomes guests with its 75 newly renovated rooms and suites, offering captivating views of the sea or the city.

Distinguishing itself, the Mondrian Cannes stands as the sole hotel along the iconic La Croisette with its own garden and direct access to the Antibes shopping street. This prime location fully embodies a lifestyle concept, providing an ideal setting for guests to immerse themselves in the vibrancy of the surroundings.

Characterized by large open spaces, abundant natural light, and adorned with simple wood and marble decor, the Mondrian Cannes offers a contemporary and elegant ambiance for an elevated stay experience.

Moxy Lausanne City is a stylishly chic hotel that embraces a less-is-more philosophy while delivering an abundance of offerings.

With 113 rooms designed for the young and young at heart, the hotel caters to a dynamic and vibrant audience, providing a modern and energetic atmosphere for guests seeking a contemporary and immersive stay experience.

EXPERIMENTAL CHALET

(Former Nevai)

Verbier, Switzerland

Renowned as one of Verbier's most stylish and exclusive hotels, the Experimental Chalet stands as a modern four-star establishment nestled in the heart of the village. Formerly known as the Nevai Hotel, this hotel has undergone a subtle transformation along with a name change.

The rooms at Experimental Chalet are characterized by spaciousness and comfort, with even the most basic rooms offering a bright and airy ambiance. Positioned close to the Swiss Alps, this Verbier hotel provides a convenient location for those looking to explore the breathtaking landscapes of the region.

Designed by Fabrizio Casiraghi, an architect celebrated for his adept blending of modernity and authenticity, Experimental Chalet embodies a unique and contemporary aesthetic that adds to the allure of this exclusive mountain retreat.

Nestled near the elegant Spanish Steps and the vibrant Via del Corso, in the heart of Rome, stands an impressive hotel where EJ took part in furnishing the interior.

The Bulgari Hotel, housed in a 1938 building, recently opened its doors after a meticulous restoration and interior decoration process, designed by the architectural duo Antonio Citterio and Patricia Viel.

The grand exterior of the hotel is seamlessly complemented by a contemporary interior adorned with luxurious materials, reminiscent of Bulgari's artistry in jewelry making. EJ's involvement in the realisation of this exceptional hotel signifies its contribution to creating a temple of BVL style, where luxury and sophistication converge to offer guests a truly extraordinary experience in the heart of Rome.

Design by Antonio Citerio & Patricija Viel

Design by Antonio (

HOTEL NH COLLECTION | V

Venice, **Italy**

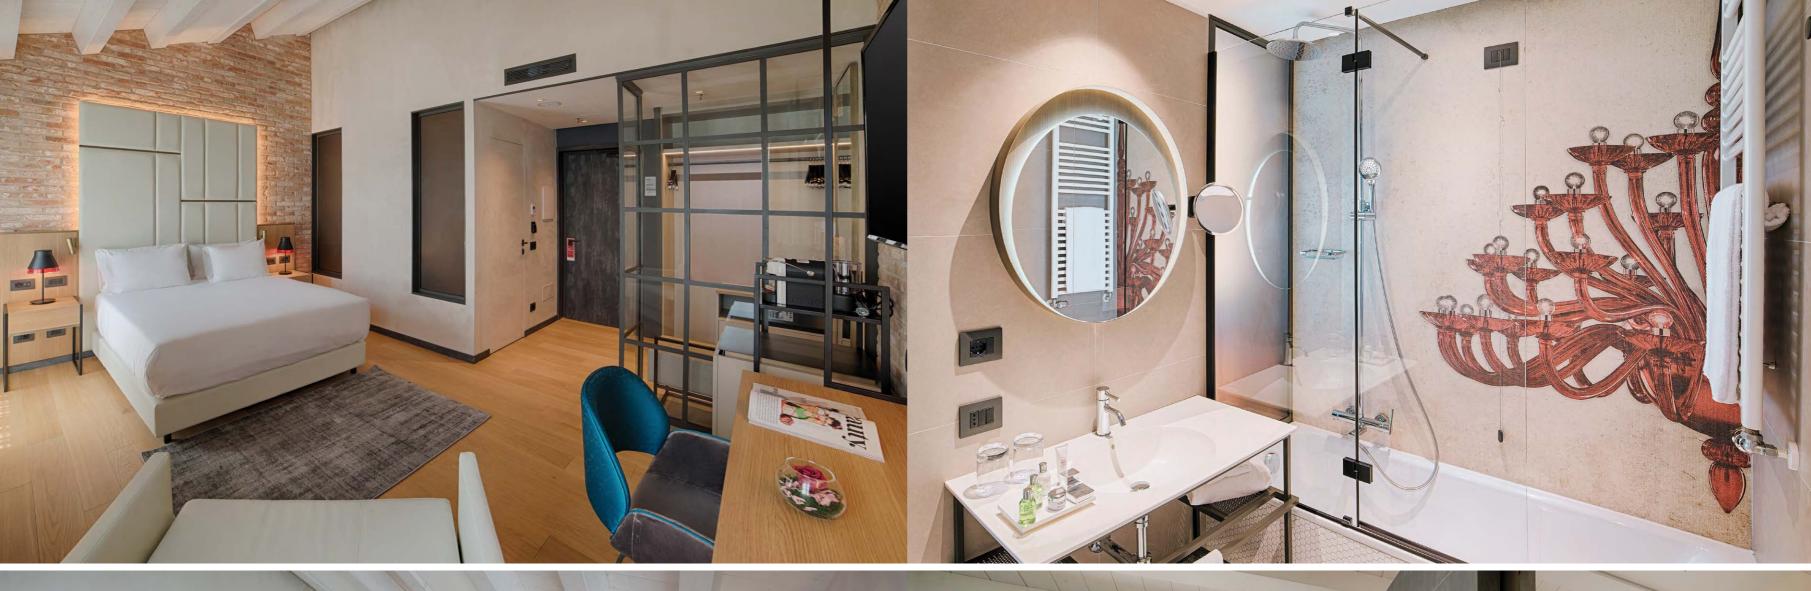

Murano, an island in the Venetian lagoon, holds a special place as a miniature representation of Venice. Renowned worldwide for its glass production, a tradition dating back to the 13th century that endures to this day, Murano stands as a unique and culturally rich location.

In this extraordinary setting, we had the privilege to contribute to the reconstruction and arrangement of an old factory. Our involvement extended to furnishing the interiors of hotel rooms and public areas, seamlessly blending modern comfort with the rich history and artistic heritage of Murano. This project exemplifies our commitment to creating spaces that harmonize with the unique character of their surroundings.

HOTEL PARK | Split, Croatia

This charming hotel, steeped in historical character and originally constructed in 1921, stands as a testament to world-class standards and, above all, a unique atmosphere.

In 1938, the hotel underwent its initial expansion and has since operated under the distinguished name of "Hotel Park."

Renowned as the cultural center for social and political events in Split and the surrounding region, Hotel Park has become the premier choice for numerous tourists and business travelers visiting the city. Its rich history and distinctive ambiance contribute to making it a cherished destination for those seeking a blend of tradition, luxury, and cultural significance.

BRIIG | Split, Croatia

Positioned in an ideal location in Split, right next to Bačvice Beach, this boutique hotel captivates with its immediate appeal—a seamless fusion of modern design and an enviable location. The distinctive features of this establishment include original furniture and lighting crafted by renowned global designers, stone sourced from northern Italy, and an array of posters, graphics, and installations by celebrated Croatian artists.

These notable details collectively contribute to the hotel's distinct character, earning it the well-deserved title of a true "museum with rooms." This designation reflects not only its function as a place of accommodation but also its role as a showcase for art and design, providing guests with a unique and culturally enriched experience.

BIGSEE ARCHITECTURE AWARD 2020 WINNER

LE MERIDIEN LAV Split, Croatia

Situated along the pristine shores of the Adriatic Sea, with its emerald-clear waters and just a short distance from Split, this hotel boasts a unique setting that serves as an ideal starting point for exploring the enchanting Dalmatian coast.

For this project, our company took on the responsibility of furnishing both the rooms and public areas.

Design by Atellior

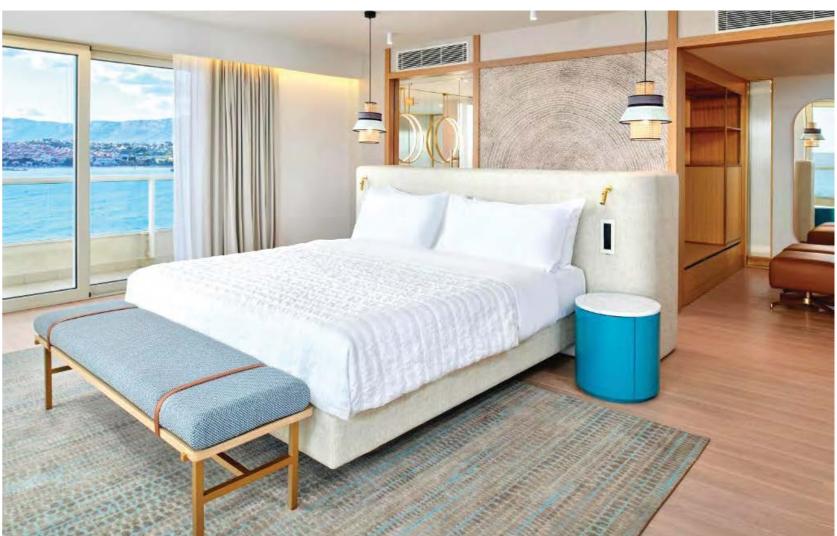

MARRIOTT HOTEL

Skopje, North Macedonia

An exclusive hotel of the highest category, designed by the renowned French architect Jean-Philippe Nuel, the Marriott Hotel is situated on Macedonia Square in the heart of Skopje. Behind its classic facade lies a modern interior adorned with Art Deco design elements.

For this prestigious project, our company played a pivotal role by furnishing and equipping various components of the hotel. This includes 163 rooms, 18 suites, the Presidential Suite, the SPA and Fitness center, as well as several bars spread across all eight floors of the hotel. Our involvement underscores our commitment to providing top-notch furnishings and contributing to the overall luxury and sophistication of this high-caliber establishment.

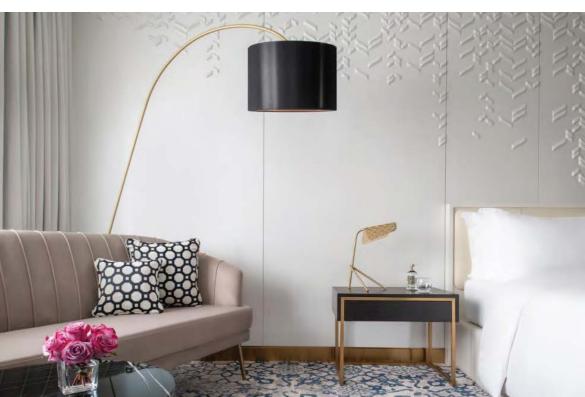

STEIGENBERGER Doha, Qatar

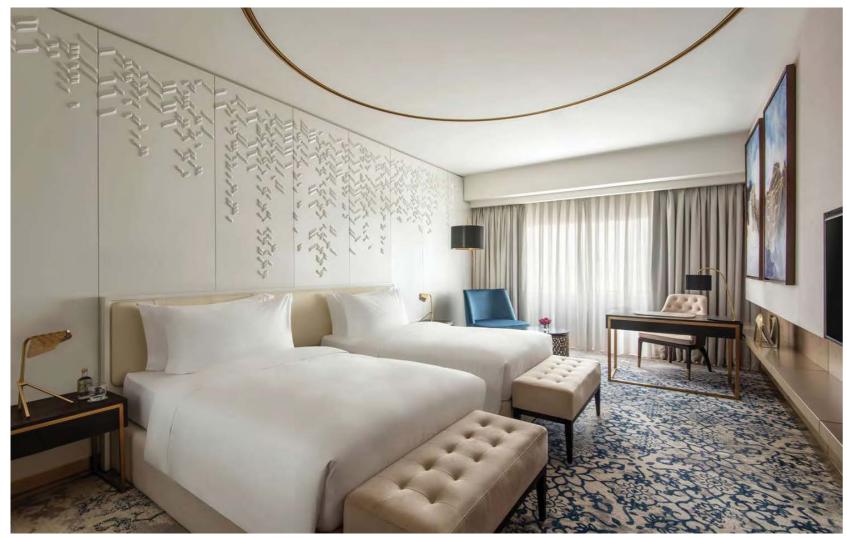

The Steigenberger Hotel on Airport Road in Doha is among the many magnificent projects that were completed ahead of the FIFA World Cup in Qatar in 2022.

This five-star establishment boasts approximately 200 rooms, including junior suites, suites, and a presidential suite. Our involvement in this project aligns with our dedication to contributing to the creation of exceptional and luxurious accommodations in preparation for major events and beyond.

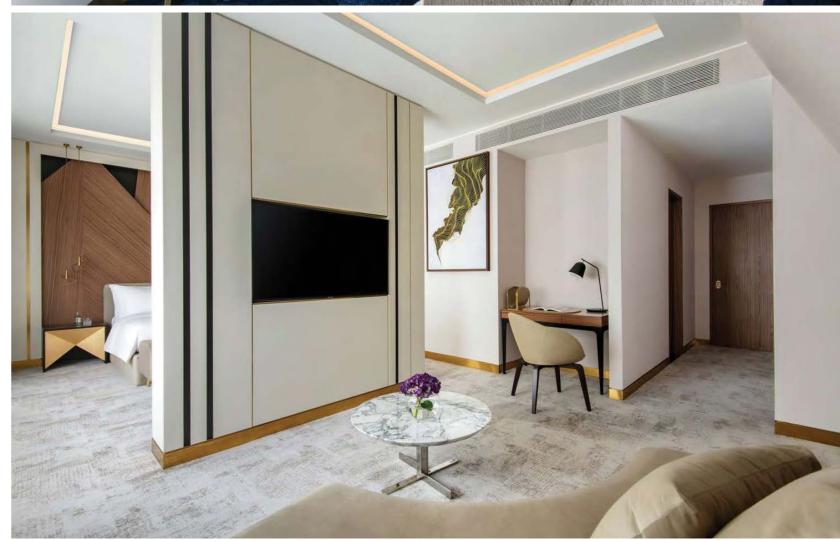

THE RITZ-CARLTON

Astana, **Kazakhstan**

The Ritz Carlton Residences form an integral part of the top-quality, mixed-use development at Talan Towers, setting a new standard for life experiences. In this prestigious project, our company played a key role in the complete interior furnishing of 48 apartments, the bar, and the spa center.

Additionally, our involvement extended to the manufacturing of doors, contributing to the seamless blend of luxury and functionality within this exceptional development.

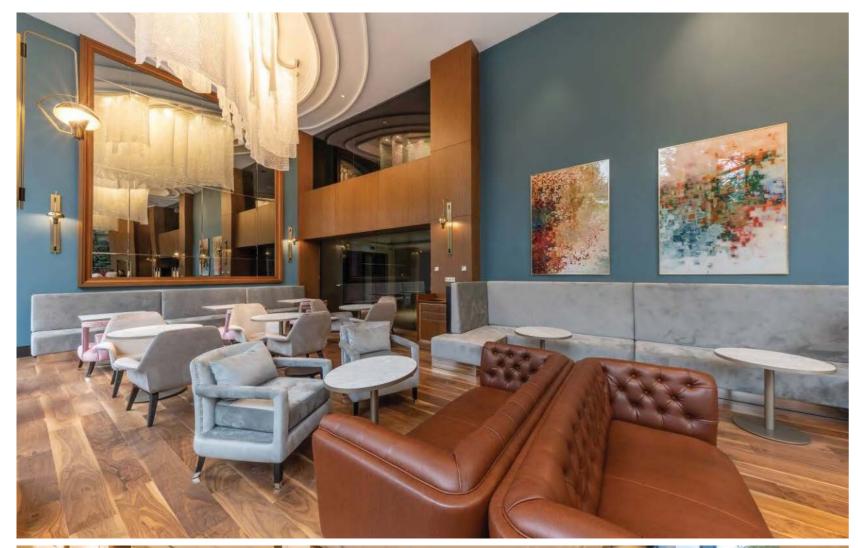

SWISSOTEL WELNESS Almaty, Kazakhstan

The first Swissôtel in Kazakhstan, nestled in the serene forest area of Almaty, extends a warm invitation to guests seeking a wellness stay in a natural and holistic environment. The hotel boasts an innovative medical and fitness center, inclusive of the family Purovel SPA and thermal pools with mineral water.

For this project, our company took charge of furnishing the modern interior of this relaxation hotel.

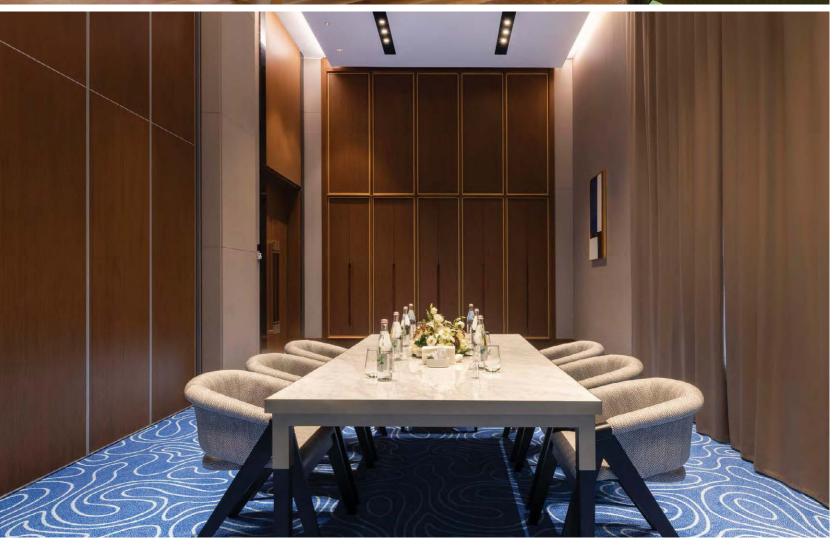

Our contributions encompassed built-in furniture, wall panels, and doors.

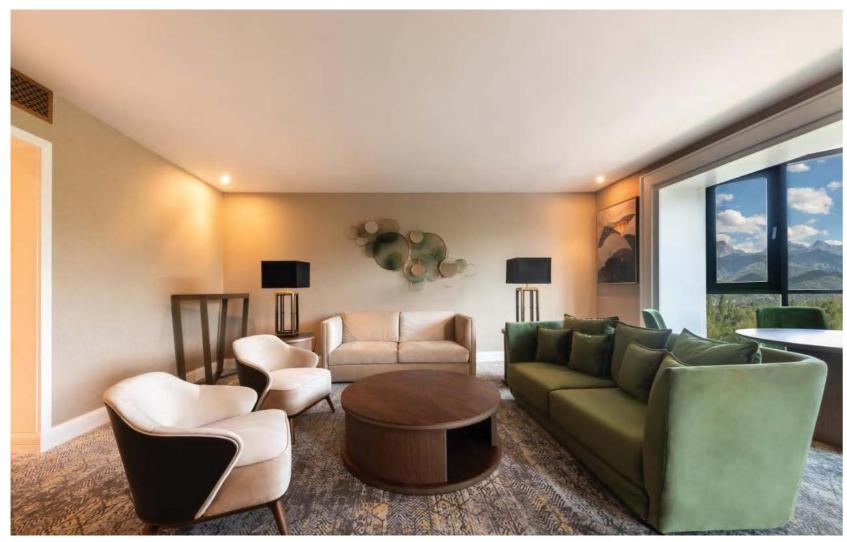

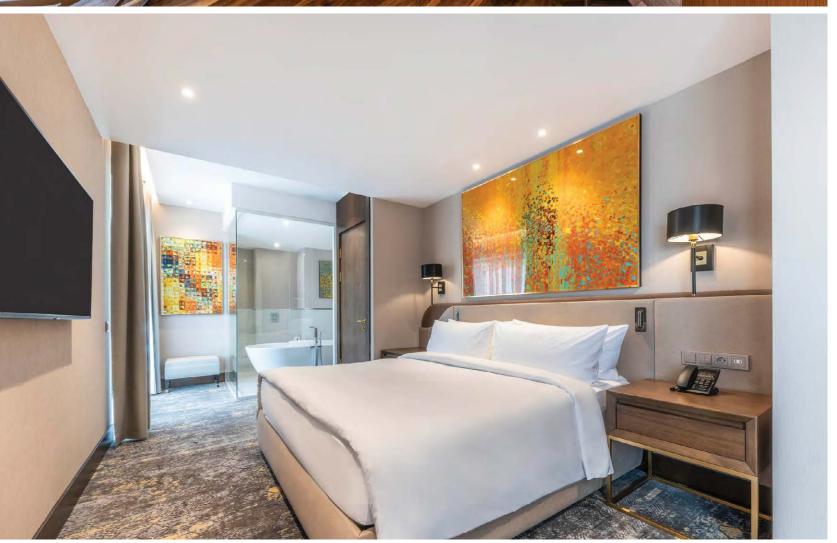

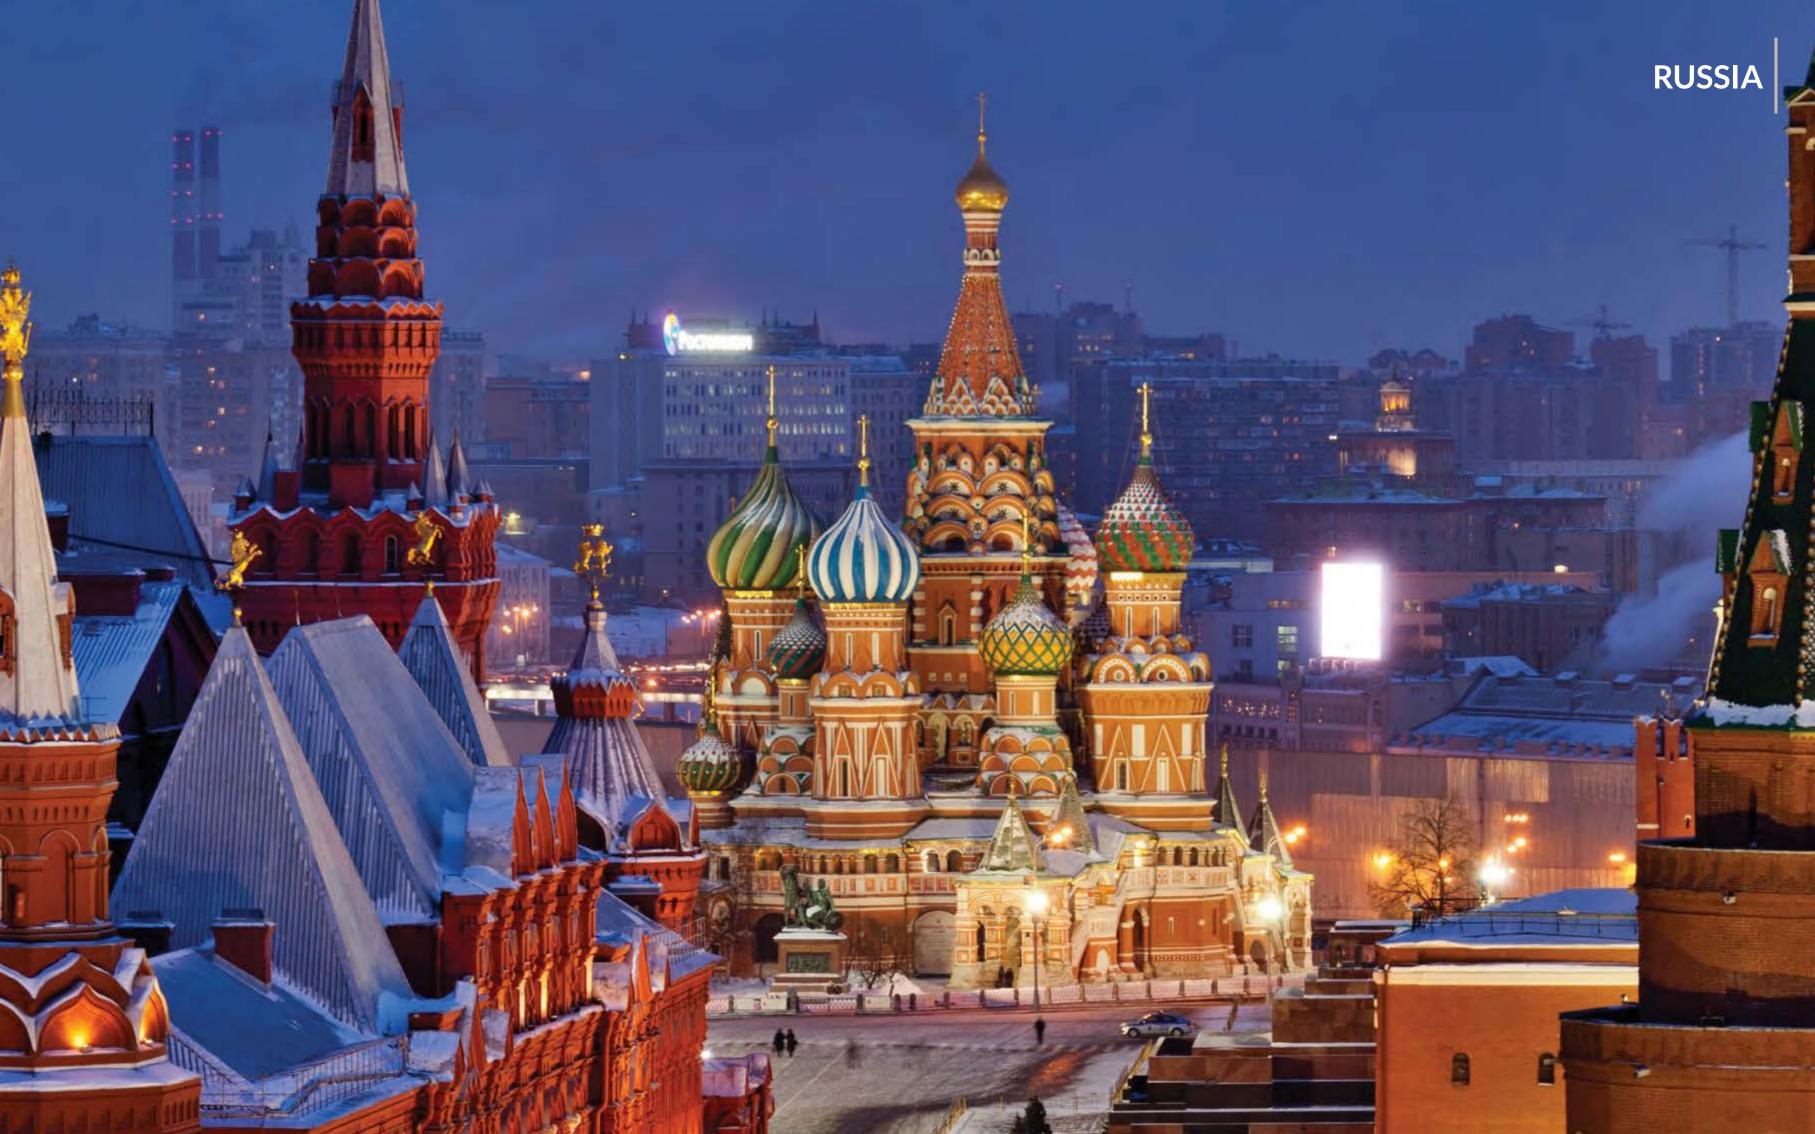

The luxury Red Square hotel, "The Carlton, Moscow," offers guests a front-row seat to Moscow, strategically located only steps away from the city's invigorating riches.

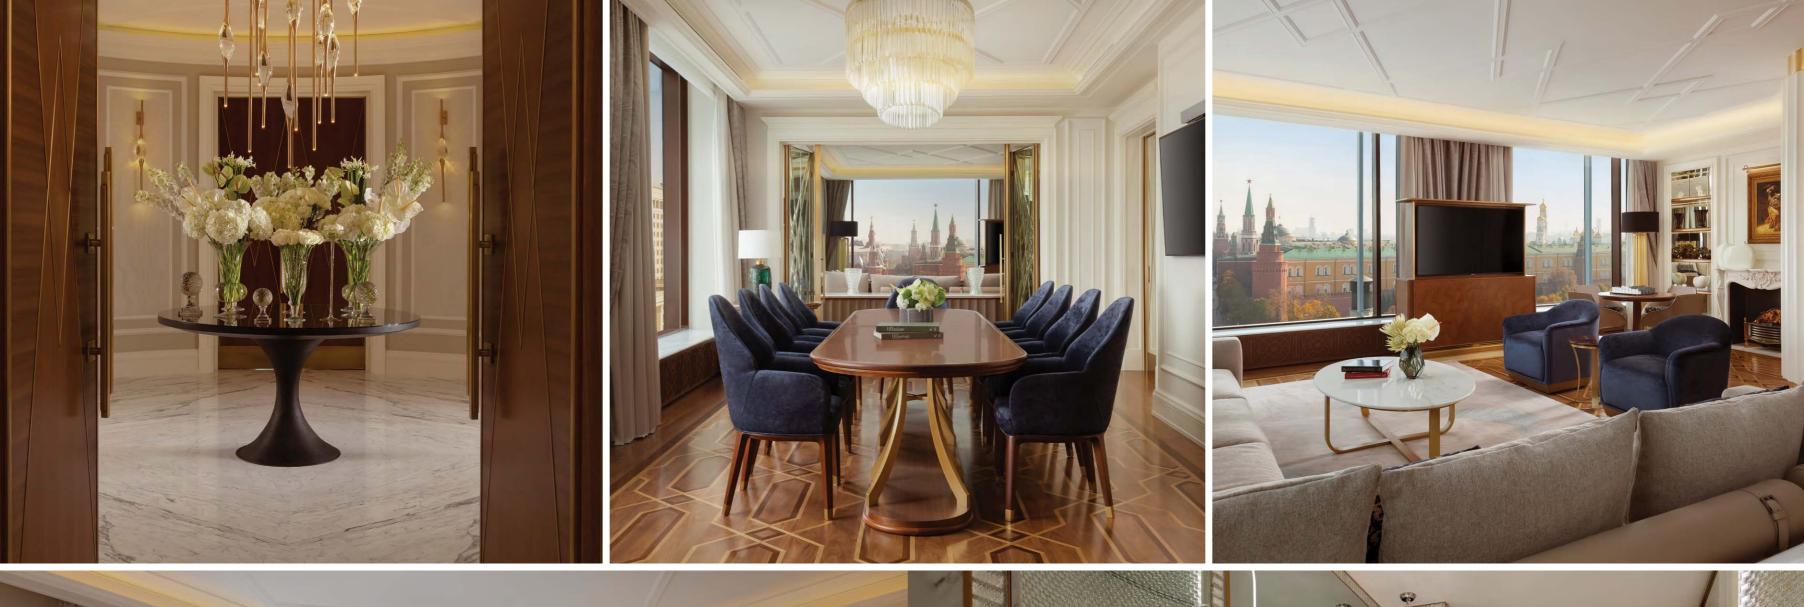

The hotel promises a breadth of experiences, further enhanced by newly transformed spaces, guest rooms, and suites that celebrate the epitome of world-class design and craftsmanship. With its prime location and commitment to excellence in design, The Carlton, Moscow, provides a luxurious and immersive stay for discerning guests.

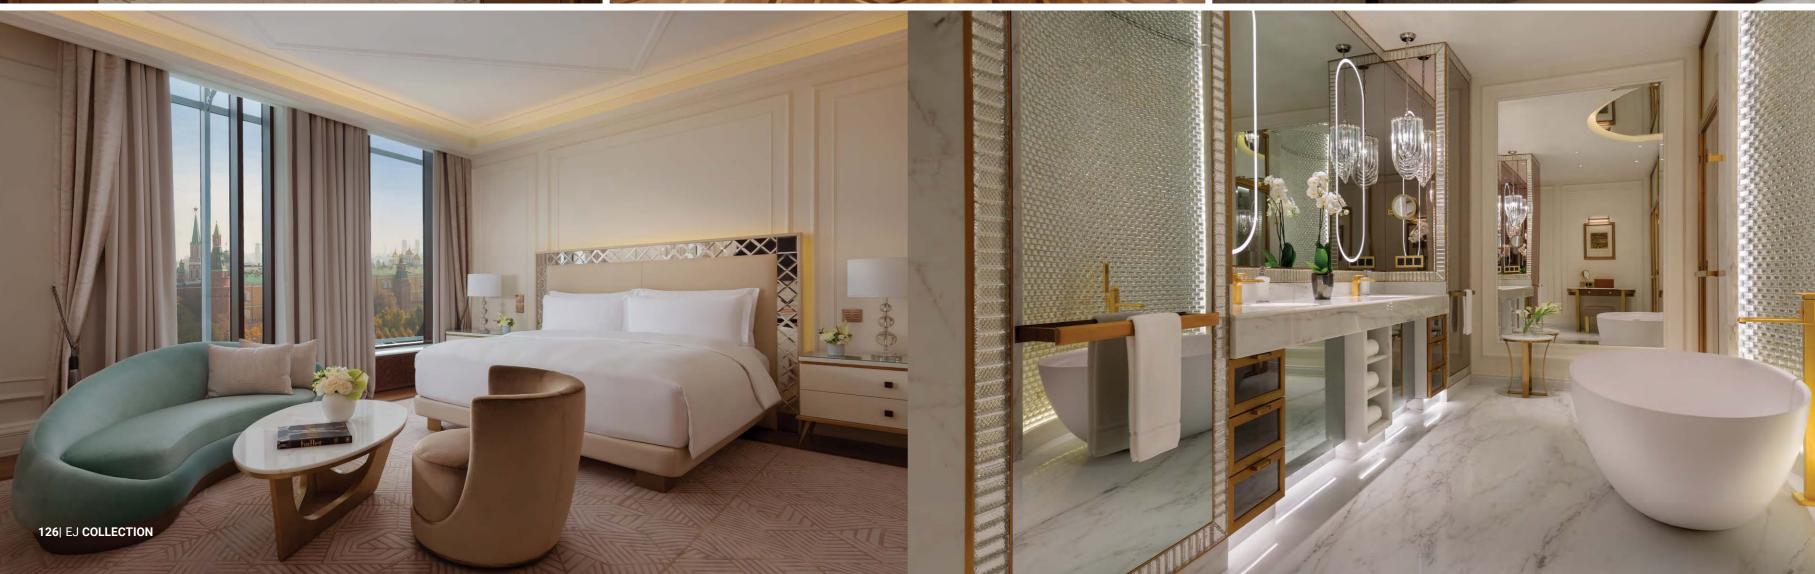

FOUR SEASON Moscow, Russia

The Four Seasons Hotel, situated in the heart of Moscow within the historic building of the Hotel Moskva, boasts a prime location in close proximity to the Kremlin. The hotel offers spacious apartments with convenient layouts and incredible views, providing a comfortable living experience at any time of the day.

The unique location in the very center of the city ensures easy access to the main attractions of the capital, allowing guests to immerse themselves in the rich cultural and historical tapestry of Moscow. With European-level service, the Four Seasons Hotel is dedicated to providing a luxurious and comfortable stay for its guests.

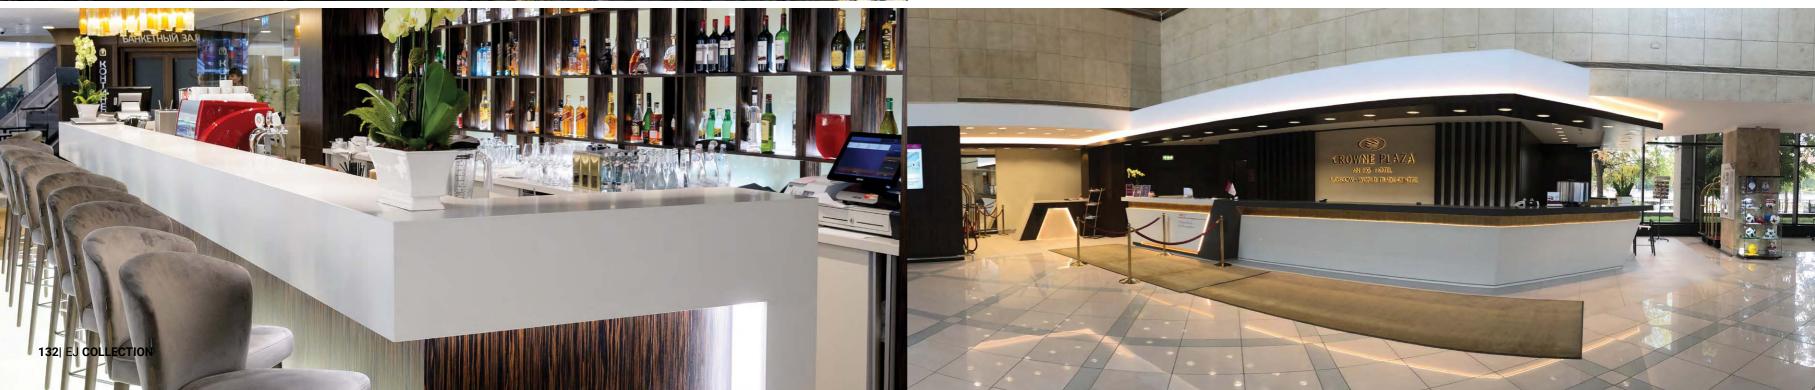

CROWNE PLAZA MOSCOW WTC

Moscow, **Russia**

Crowne Plaza, a 5-star hotel situated in the globally renowned international business center, Moscow City, stands as a luxurious establishment and an integral part of the World Trade Center. With 575 rooms spread across 10 floors, this hotel offers a premium experience for its guests.

Enterijer Janković played a pivotal role in enhancing the hotel's ambiance by providing high-end quality products and services. The company contributed by producing exceptionally complex elements of furniture, finished to the highest standards with a glossy finish. This attention to detail and commitment to excellence adds to the overall sophistication and luxury of Crowne Plaza Moscow City.

MÖVENPICK Moscow, Russia

Movenpick Moscow, nestled in the heart of Moscow's business and cultural district, offers a central location just a 10-minute drive from iconic landmarks such as the Kremlin, the Bolshoi Theatre, and Park Zaryadye. Boasting 154 rooms, including 5 suites, the hotel provides a convenient and comfortable stay for its guests.

For this project, our company took on the responsibility of complete furnishing for both the rooms and public areas of Movenpick Moscow.

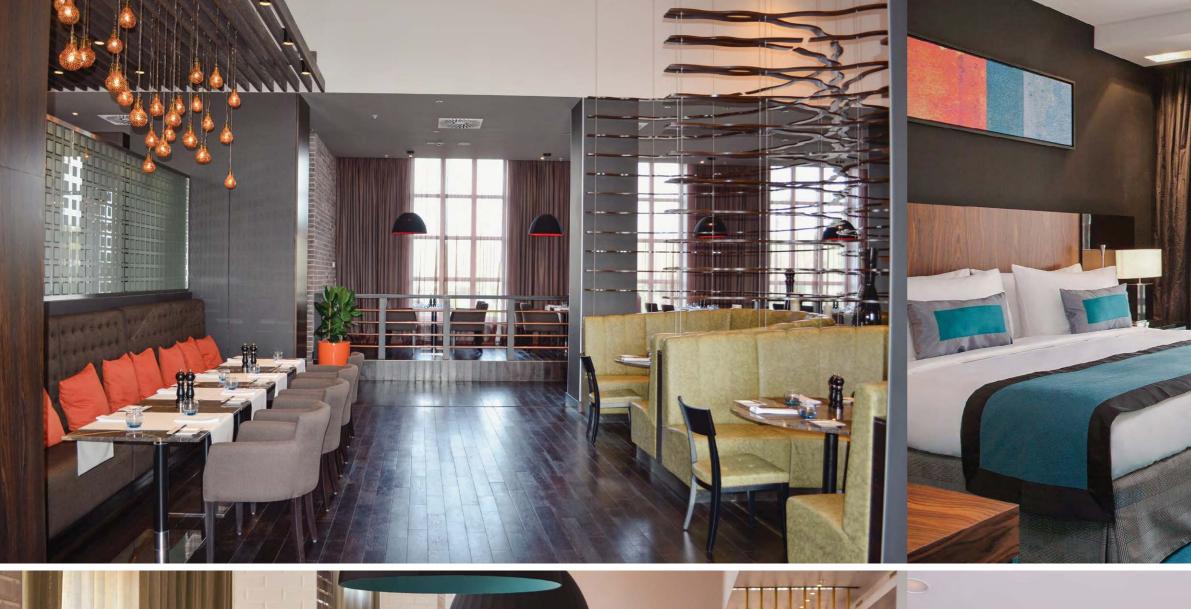

RADISSON RESORT

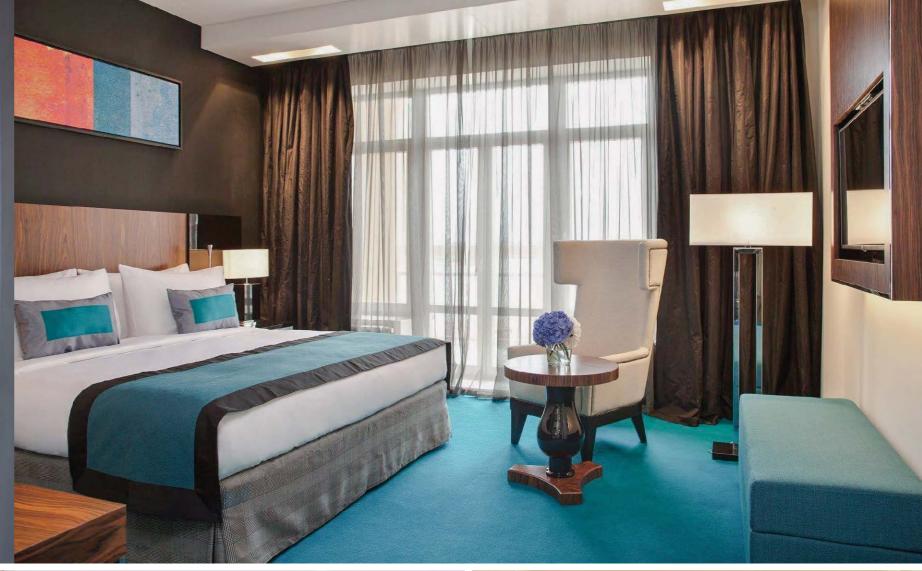

Zavidovo, **Russia**

Radisson Resort Zavidovo, situated on the banks of a tributary of the Volga River, boasts a scenic location with a sandy beach and a spacious promenade, just 100 km away from Moscow.

For this project, our company played a crucial role in enhancing the hotel's ambiance by producing modern interiors for all 239 rooms and public areas. Additionally, our involvement extended to the manufacturing of fire-rated doors, contributing to the safety and aesthetic appeal of the resort.

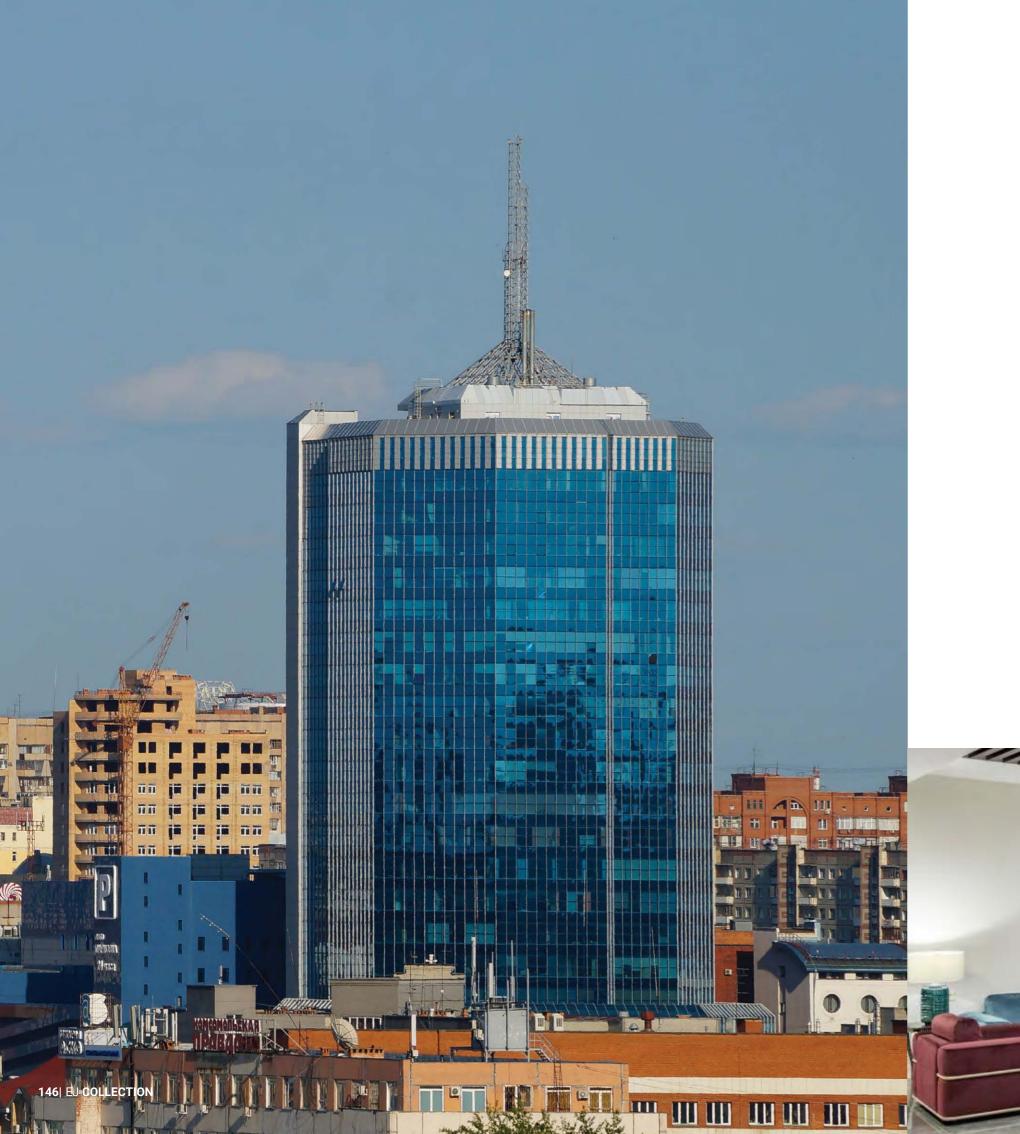

CITY HOTEL CHELYABINSK

Chelyabinsk, **Russia**

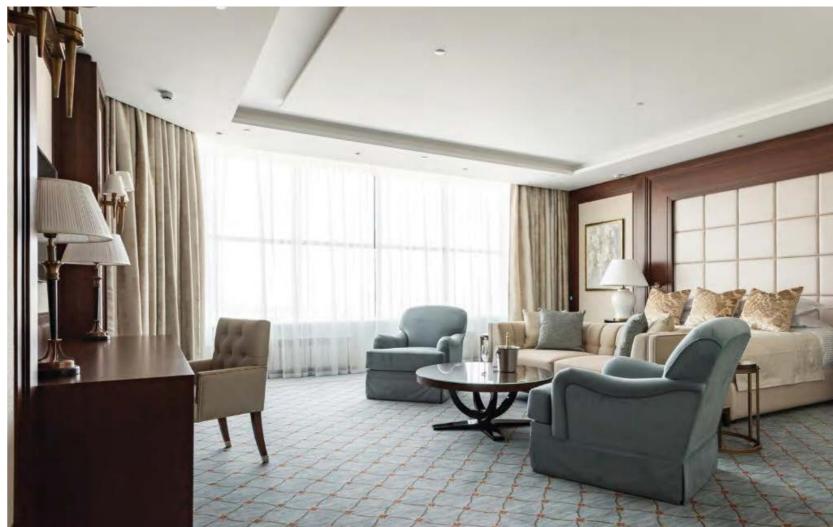

The modern and luxurious City Hotel is situated in the heart of Chelyabinsk, within walking distance of the historical and business center, main attractions, shopping centers, cafes, and restaurants.

Notably, the hotel occupies the 19th, 20th, and 21st floors of Chelyabinsk CITY, making it the highest-rise hotel in the city.

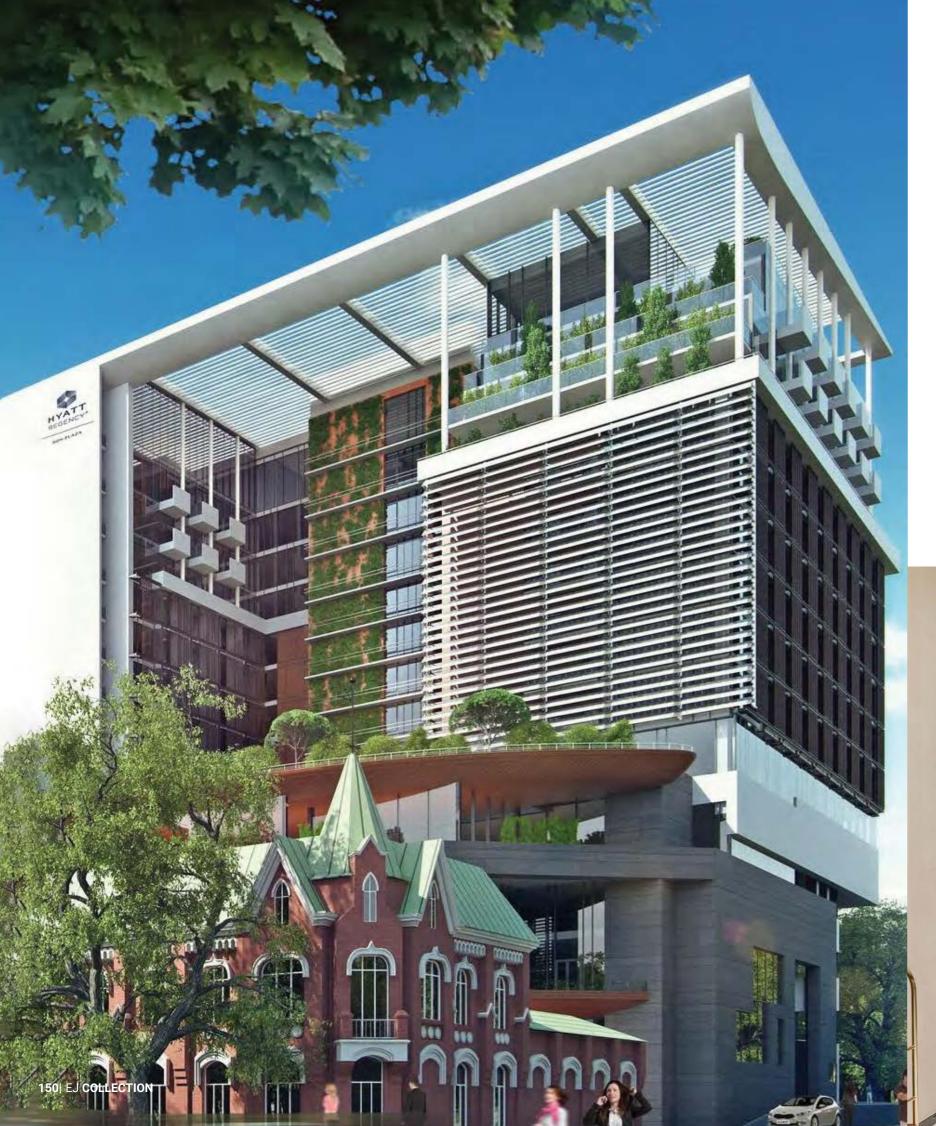

This exquisite hotel features 32 magnificent rooms, each designed with a unique aesthetic and panoramic views of the city. The stylish and elegant interiors of the hotel seamlessly blend modern functionality with impeccable comfort, providing guests with a sophisticated and comfortable stay in Chelyabinsk.

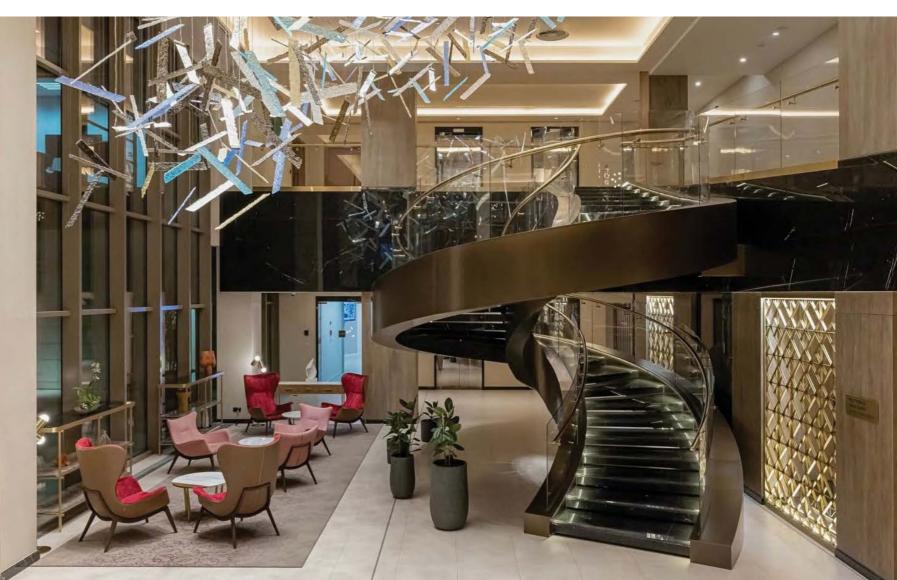

GRAND ROSTOV BY HYATT REGENCY Rostov-on-Don, Russia

The Hyatt Regency Don-Plaza Hotel, a five-star congress hotel with apartments and a spa, stands as a prominent establishment in South Russia.

It is an integral part of a mixed-use development, also known as the International Congress Centre.

The interior of the apartments within the Hyatt Regency Don-Plaza Hotel is characterized by a sophisticated blend of wood, metal, and upholstered furniture. This combination creates an aesthetically pleasing and comfortable environment for guests, ensuring a luxurious and enjoyable stay at this prestigious hotel in South Russia.

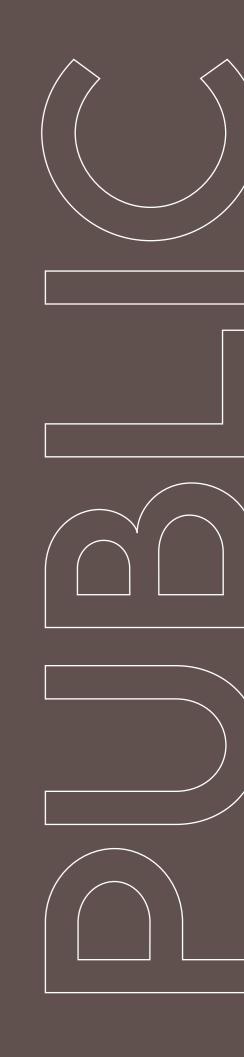

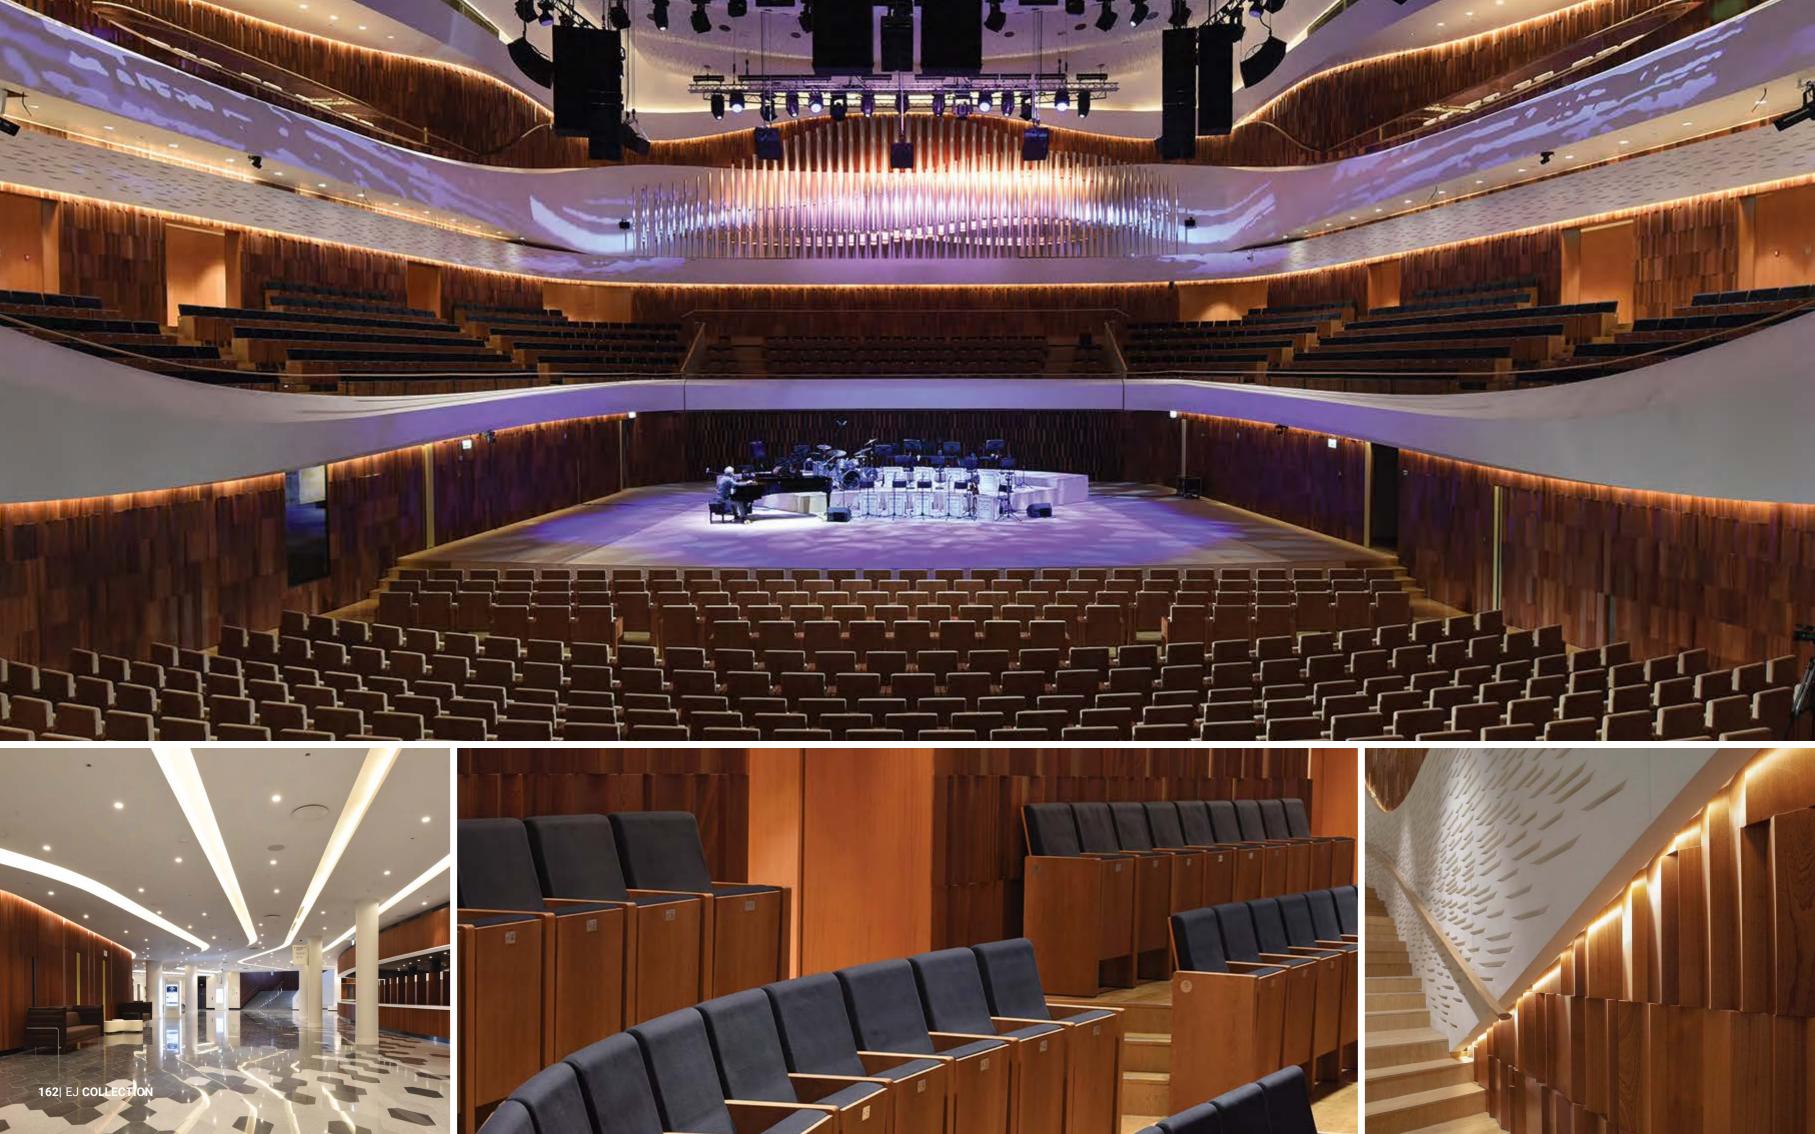

Zaryadye Park, established after 50 years, stands as the first public park in the heart of Moscow, nestled between the pedestrian zone Kitai-Gorod and the Kremlin. The park includes a futuristic Philharmonic building, featuring large and small concert halls, an exhibition space, a museum, and a shop. The construction of this architectural marvel received valuable contributions in terms of knowledge and experience from Valery Gergiev, the General and Artistic Director of the Mariinsky Theater in St. Petersburg.

Enterijer Janković took on the significant responsibility of furnishing the large and small concert halls, which involved the creation of movable adjustable beams, 3D relief ceilings, and wall claddings made from exotic mahogany wood, extending to public areas as well.

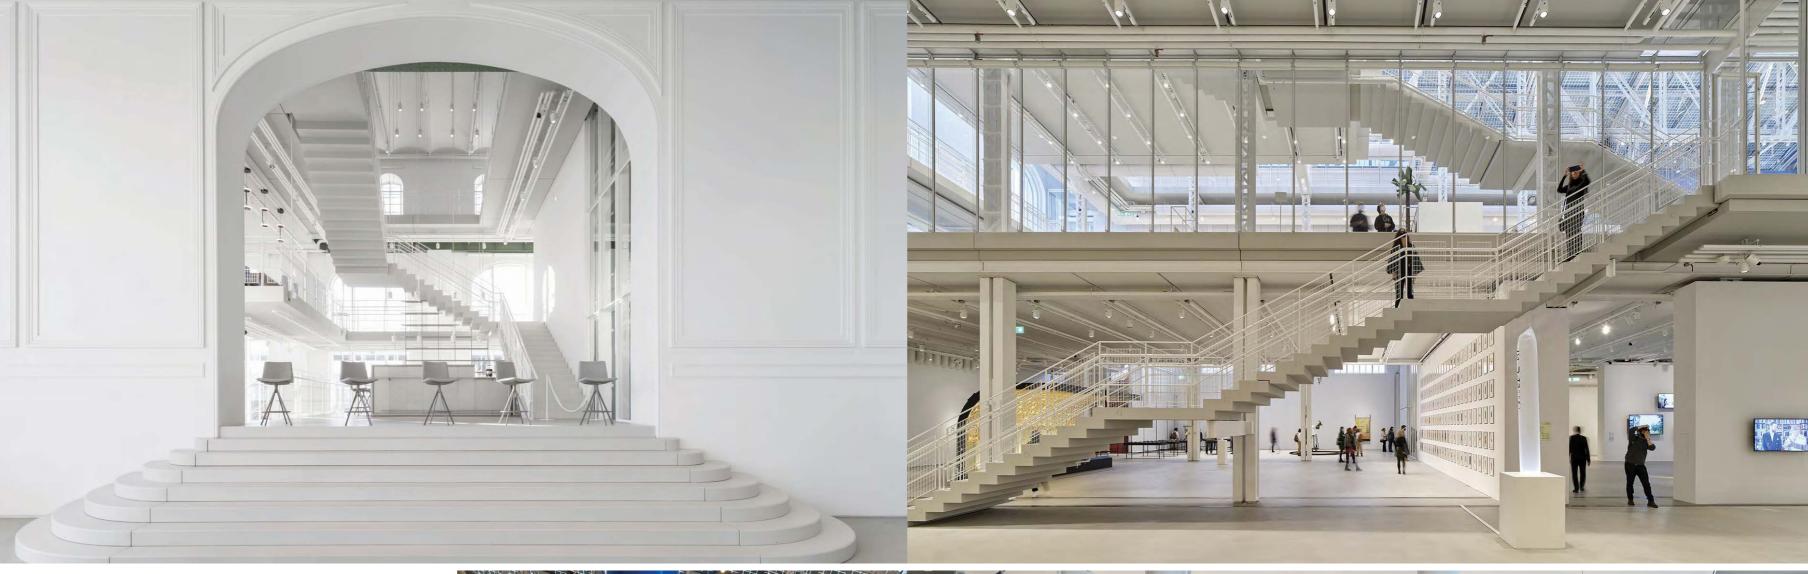

The knowledge and technology implemented for this grand project are a testament to the size and capacity of our company. The building's intricate technical characteristics necessitated the use of cutting-edge technology, leading to the enhancement of our production plant with several 5-axis machines. This project reflects our commitment to excellence in both craftsmanship and innovation.

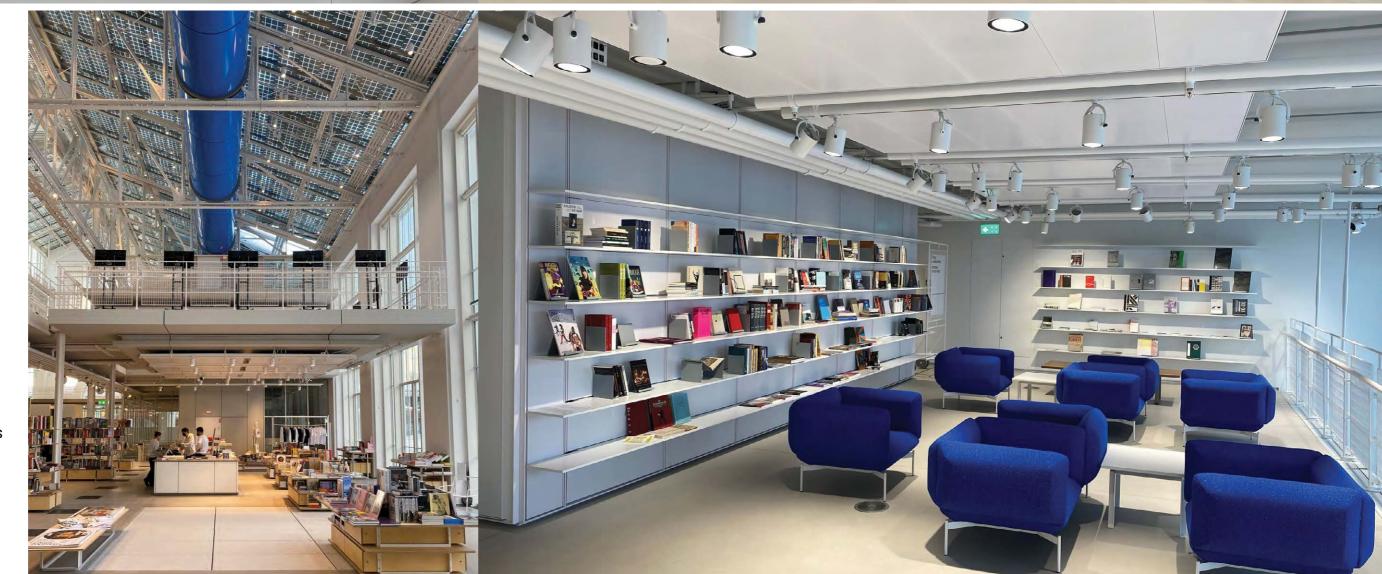

Moscow is experiencing a post-industrial renaissance, repurposing historical factories into creative hubs.

A notable project in this transformation is the GES-2 project, a magnificent historical power station originally built between 1904 and 1908. This project involves converting the space into a 20,000 square meter area designed to offer a rich and interconnected experience, including visual and performing arts. Additionally, it will provide a communal area for the public.

The GES-2 project, following its closure, was acquired by the V-A-C Foundation, which led the restoration and renovation initiative. The goal is to transform the main building and its surroundings into a fresh cultural destination for Moscow. Renzo Piano Building Workshop is responsible for the redesign of GES-2.

Enterijer Janković proudly participated in furnishing this contemporary center in the heart of the capital, Moscow.

SKOLKOVO Moscow, Russia

The Skolkovo Golf Club House is situated on the outskirts of Moscow, within a premium Golf Course designed by Jack Nicklaus. Covering 100 hectares of majestic parkland, the Skolkovo golf course has gained recognition as one of the finest in the world.

This golf course is part of the Skolkovo Innovation Center, a high-tech business area developed by the government to foster cutting-edge science and technology projects, contributing to the establishment of a Russian "Silicon Valley."

Enterijer Janković played a significant role in enhancing the aesthetics and functionality of this modern and prestigious sports facility. Our contributions encompassed the exterior wood cladding, facade, stained glass constructions, built-in interior elements, interior doors, and partitions.

FARZI CAFE

London, **United Kingdom**

Farzi Café London, inaugurated in 2019 in Haymarket, just minutes away from the renowned Piccadilly Circus, stands as a testament to Enterijer Janković's distinctive touch.

The café-restaurant's ambiance, marked by its tables and chairs, proudly bears the signature of Enterijer Janković.

MISS PARADIS RESTAURANT

New York, **USA**

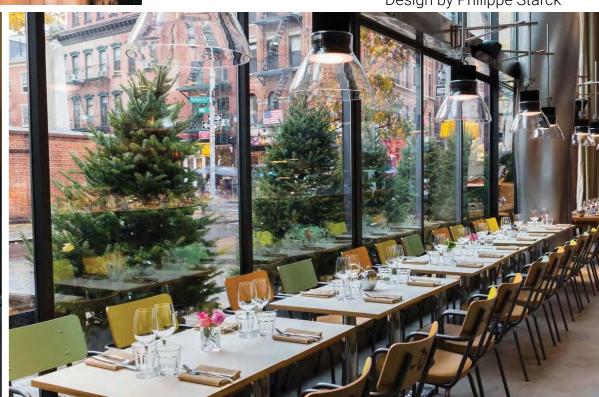

Miss Paradis, the modern American restaurant, bears the distinctive design touch of the renowned eccentric designer Philippe Starck. The two-storey space, featuring 120 seats, has been furnished by Enterijer Janković.

The collaboration between Starck's innovative design and Enterijer Janković's professional, high-quality workmanship is evident to passers-by in Soho.

Design by Philippe Starck

MAYABAY

Porto Montenegro, **Montenegro**

MayaBay restaurant, inspired by the captivating allure of Thailand's island, made its debut in Monaco in 2005, swiftly earning acclaim as one of the most renowned establishments on the French Riviera. Renowned for its unique fusion of Thai and Japanese cuisine, MayaBay provides an unforgettable dining experience with its enticing array of dishes complemented by an exotic interior.

The restaurant's elegant decor, blending elements of traditional and contemporary Asia, along with refined design, harmonious materials, subtle flavors, and delicate cuisine, collectively contribute to creating a truly enchanting space. This project exemplifies Enterijer Janković's dedication to crafting immersive and distinctive atmospheres that elevate the dining experience for patrons.

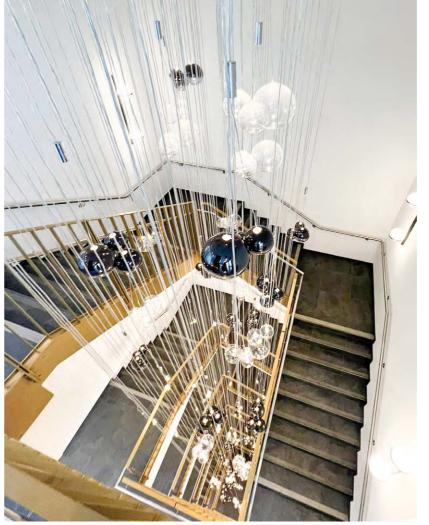

COMPETENCE Detmold, Germany

The second stage of the Klinikum Lippe hospital reconstruction involved the establishment of a new congress center, and a training facility dedicated to the further education of medical professionals.

This newly created space serves as a central hub for networking, research, and education.

HOSPITAL CLINIQUE DES CEDRES

Grenoble, **France**

Our involvement in diverse projects extends to public and state institutions, exemplified by our work on a hospital project in a city in eastern France.

In this endeavor, Enterijer Janković showcased its expertise by delivering high-quality doors, windows, wall linings, and reception desks.

Our commitment to excellence is reflected in the distinct signature we bring to these essential elements of the hospital's interior design.

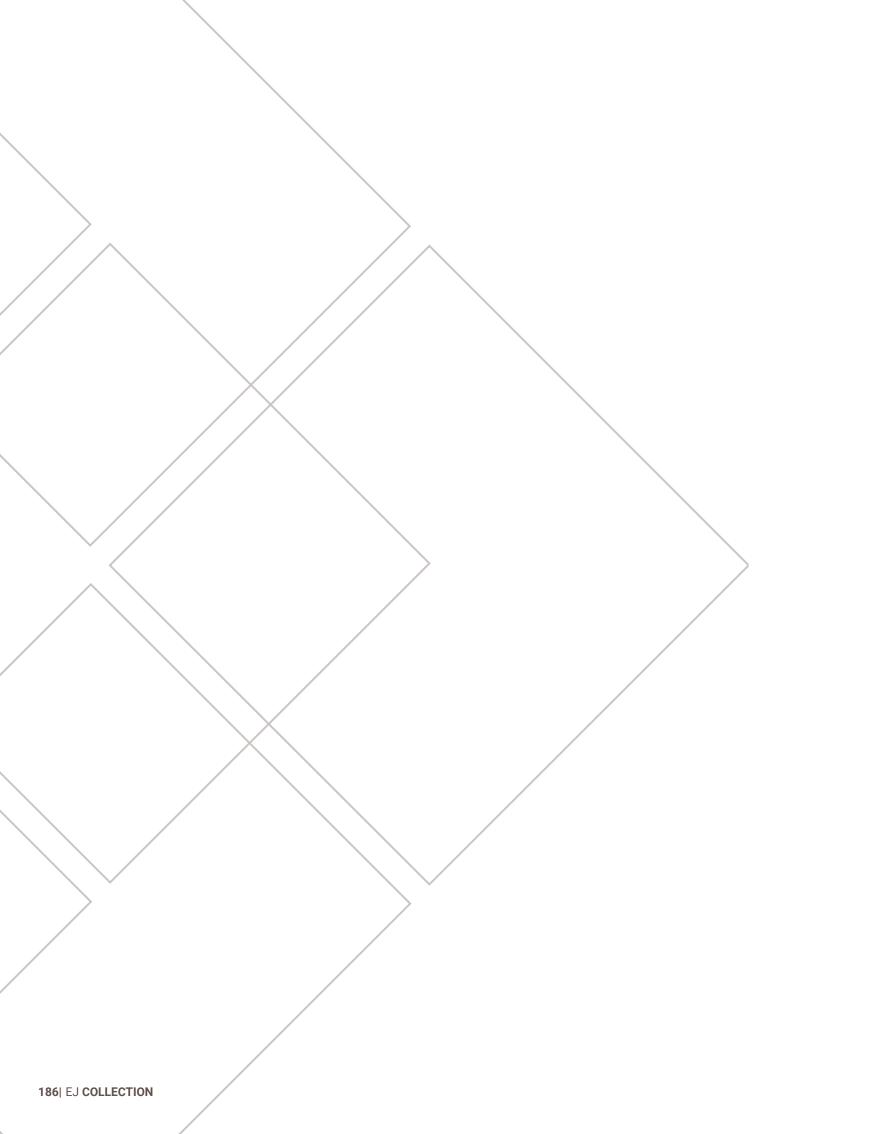

CENTRE HOSPITALIER RÉGIONAL UNIVERSITAIRE (CHRU) Besançon, France France

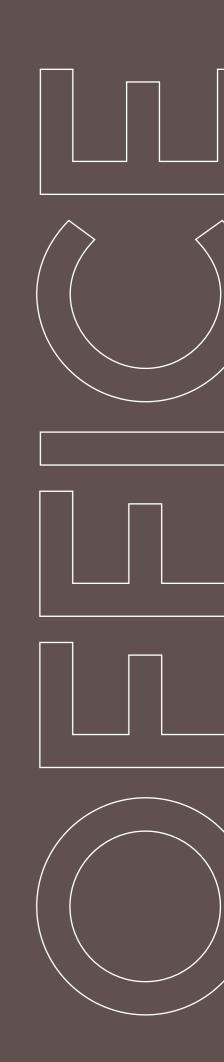

Enterijer Janković has been involved in the development of the largest

hospital in Besançon, situated in the Bourgogne-Franche-Comté region. With a capacity exceeding 1,300 beds, the CHU (University Hospital Center) plays a crucial role in providing public healthcare and prevention services.

Our contribution focused on the exterior of the new building dedicated to oncology and radiotherapy, known as Pôle Cancéro-Biologie at CHRU de Besançon. This facility also serves as the headquarters for the regional federative cancer institute (IRFC).

Our scope of work encompassed aluminum external joinery and glass openings, showcasing our commitment to delivering quality solutions in healthcare infrastructure.

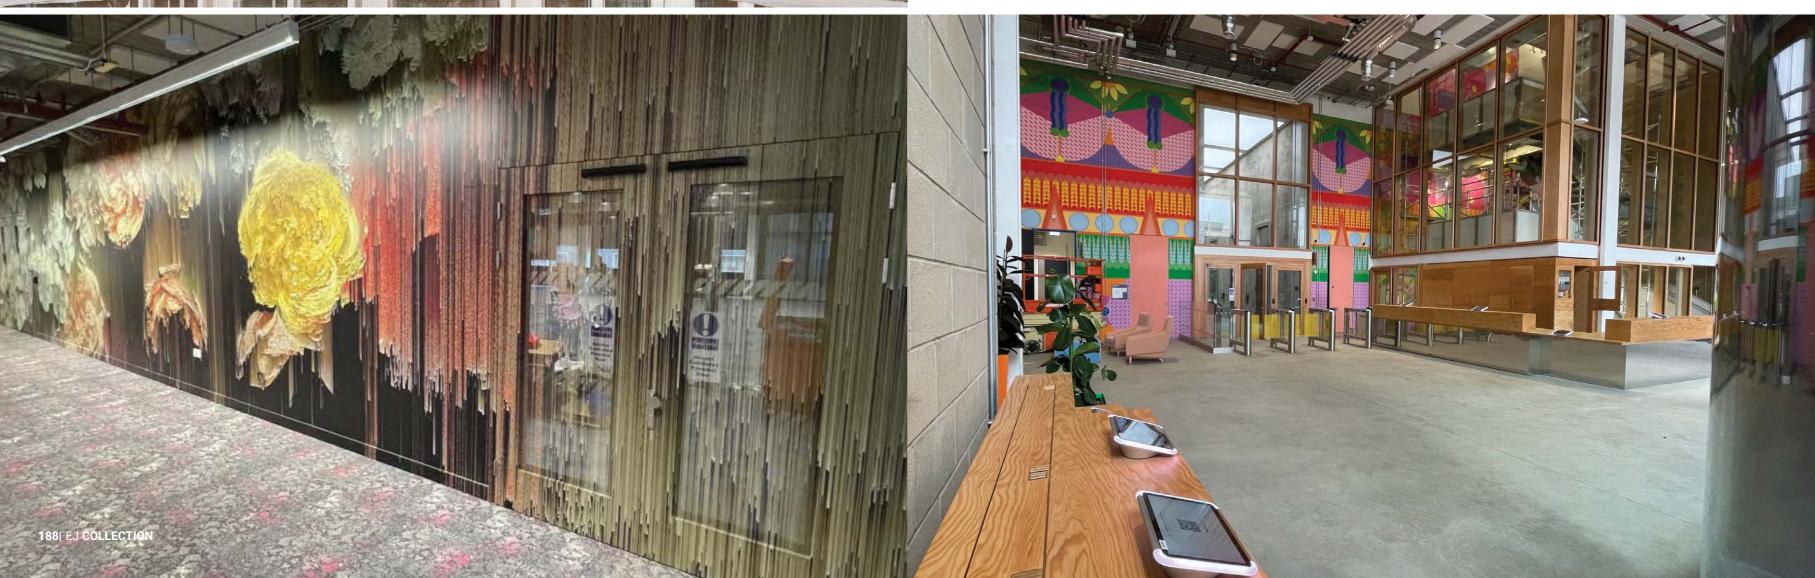

LEWIS CUBITT SQUARE 10

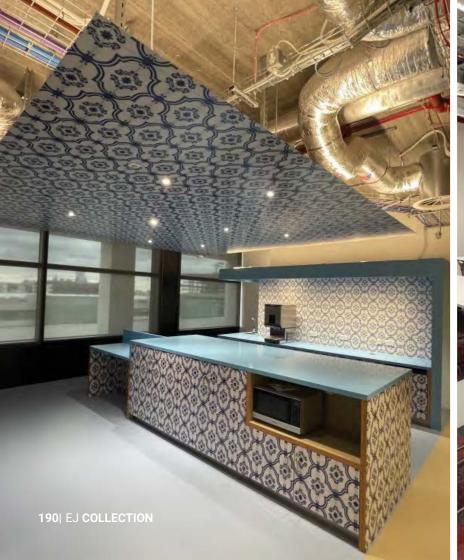

London, **United Kingdom**

10 Lewis Cubitt Square stands as a dynamic mixed-use building, a cornerstone of the King's Cross masterplan that seamlessly integrates into the evolving neighborhood while harmonizing with the established public realm. This architectural gem represents a pivotal element in the area's development.

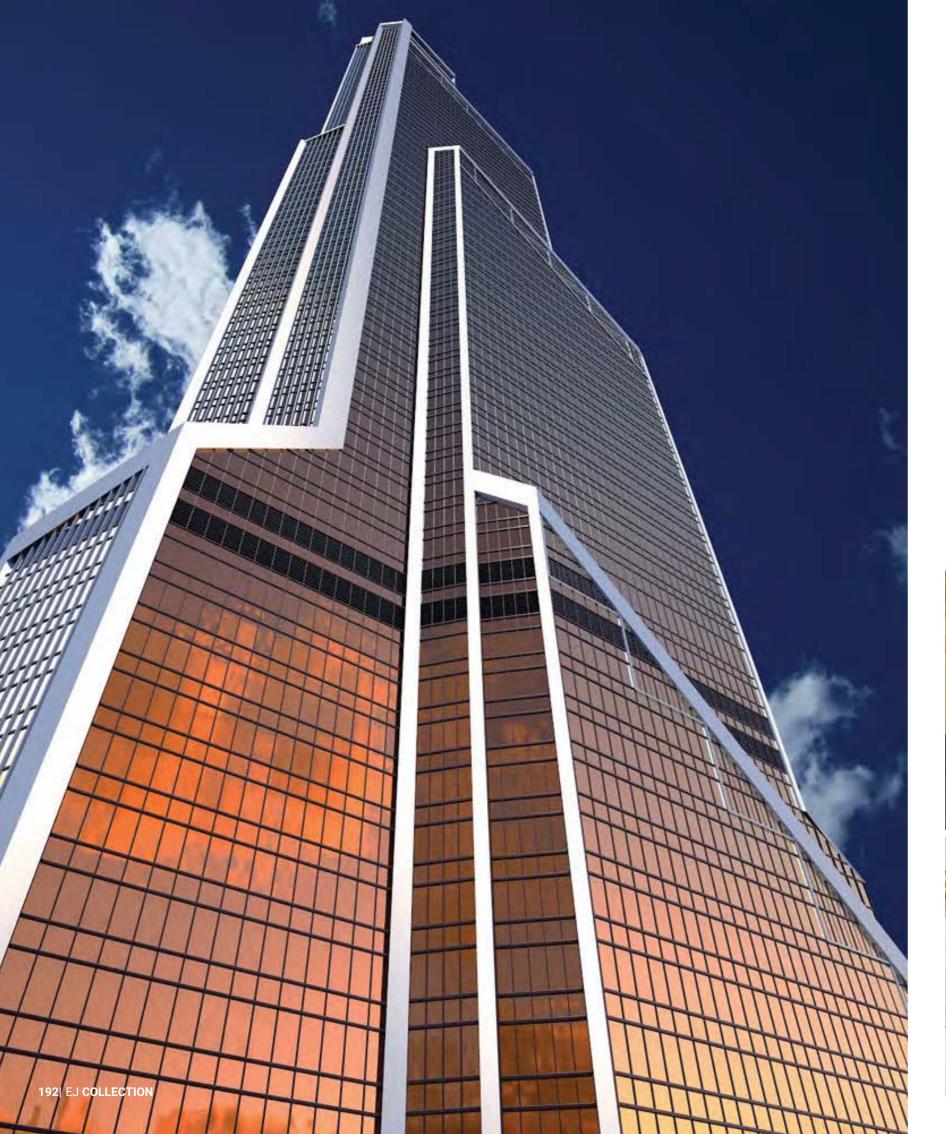

In proud partnership with our company, this landmark now hosts modern office spaces designed to inspire innovation and collaboration. Our contribution to furnishing these spaces was a testament to our commitment to excellence, as we worked closely with one of the most renowned social media companies to create a workspace that reflects their forward-thinking ethos.

NORILSK NICKEL

Moscow, **Russia**

Our company was honored to play a pivotal role in this prestigious project, furnishing the headquarters of Norilsk Nickel in Moscow. As the world's largest producer of palladium and a key player in the production of nickel, platinum, and copper, Norilsk Nickel stands at the forefront of global industry leadership.

Working with NOVATEK, the foremost independent natural gas producer in Russia, our company played a pivotal role in furnishing their modern Moscow headquarters. As a significant player in the energy industry, NOVATEK's headquarters demanded a design that reflected both sophistication and innovation.

Our contribution included implementing contemporary office interior elements, such as a distinctive design solution for cladding the walls with decorative furniture panels and doors.

LAKHTA CENTER

Sankt Petersburg, **Russia**

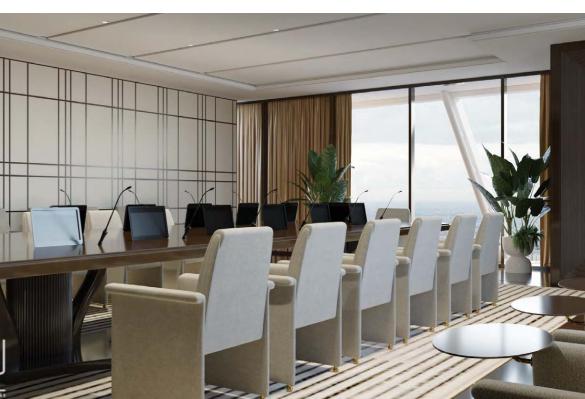

Situated on the shores of the Gulf of Finland, the tallest skyscraper in Europe and the northernmost high-rise in the world proudly graces the skyline of St. Petersburg. This iconic 87-story structure, standing tall at 462 meters, ranks as the sixteenth tallest building globally, a testament to its architectural prowess.

Notably, this impressive facility serves as the headquarters of Gazprom, a key player in the energy sector. The building not only commands attention for its remarkable height but also for the integration of public spaces within its design.

Our company had the privilege of contributing to the grandeur of this architectural marvel by furnishing the office space within. This project stands as a testament to our commitment to excellence and our capability to enhance the work environments of globally significant institutions.

MIND PARK Kragujevac, Serbia

The recently completed project for Mind Park in Kragujevac stands as a testament to our ability to create interiors of exceptional beauty and cutting-edge design, not only abroad but right here at home. Mind Park is not just a physical space, it's a convergence of ideas, technology, and logistics—a modern hub and the largest technological-industrial park in the region.

Our involvement in furnishing the interiors of the head office was an opportunity to infuse this space with unparalleled aesthetics and functionality. The 20-meter-high 3D American walnut cladding pattern, an awe-inspiring staircase, and a lantern suspended 20 meters above the ground contribute to the park's grandeur. The lobby boasts a captivating replica of a container, a striking spider wall combining leather and steel, and a fusion of velvet and metal.

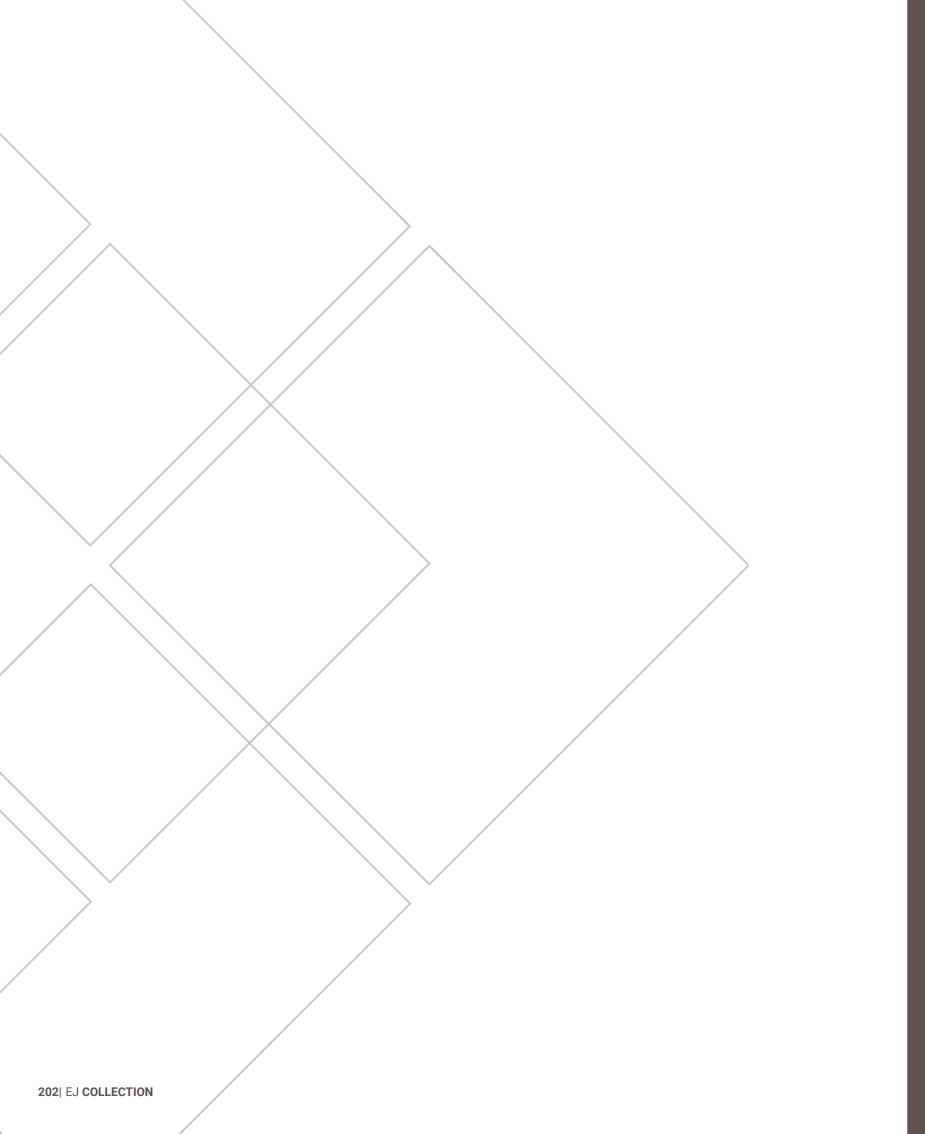

Every detail, from leather-covered columns to the unique design elements, accentuates the modernity and uniqueness of this building.

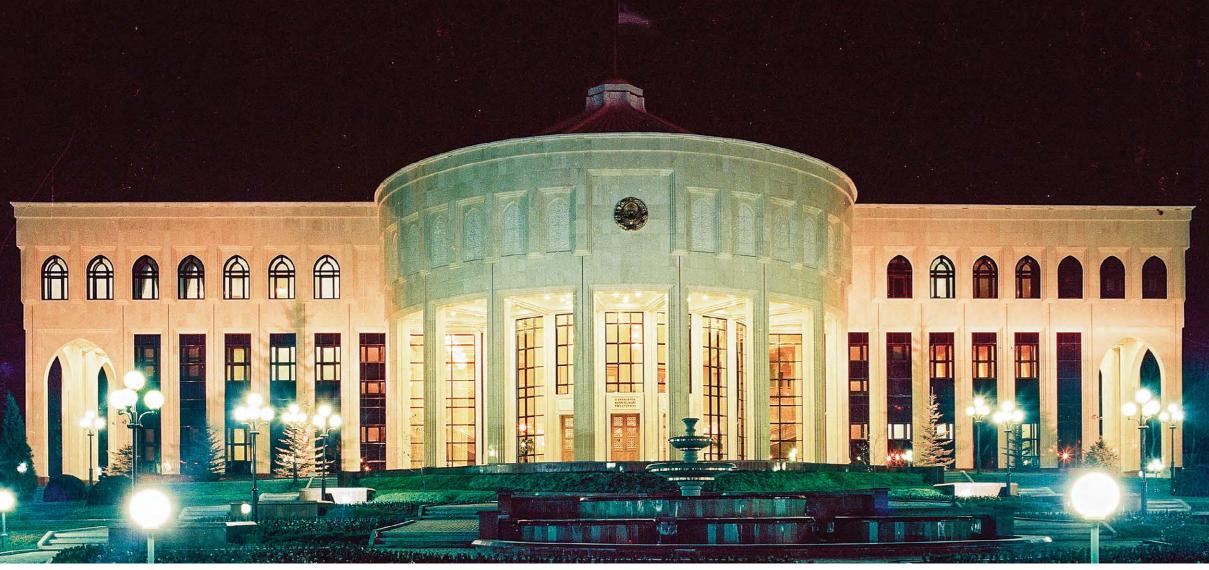

GOVERNMENT OF BOSNIAN SERB REPUBLIC

Banja Luka, **Bosnia and Herzegovina**

Spanning an impressive 52,500 square meters, the Government Building of the Republic of Srpska stands as a monumental structure, comprising dedicated spaces for both the Presidential and Ministerial functions. In addition to its governmental roles, the building boasts a sophisticated touch with the inclusion of a hotel featuring 52 suites.

This remarkable project, designed and delivered by our company, represents a notable achievement within the stringent time frame of under 7 months. The speed and precision with which this expansive structure was conceptualized and brought to fruition underscore our commitment to excellence and efficiency in architectural design.

PRESIDENTIAL PALACE

Tashkent,
Uzbekistan

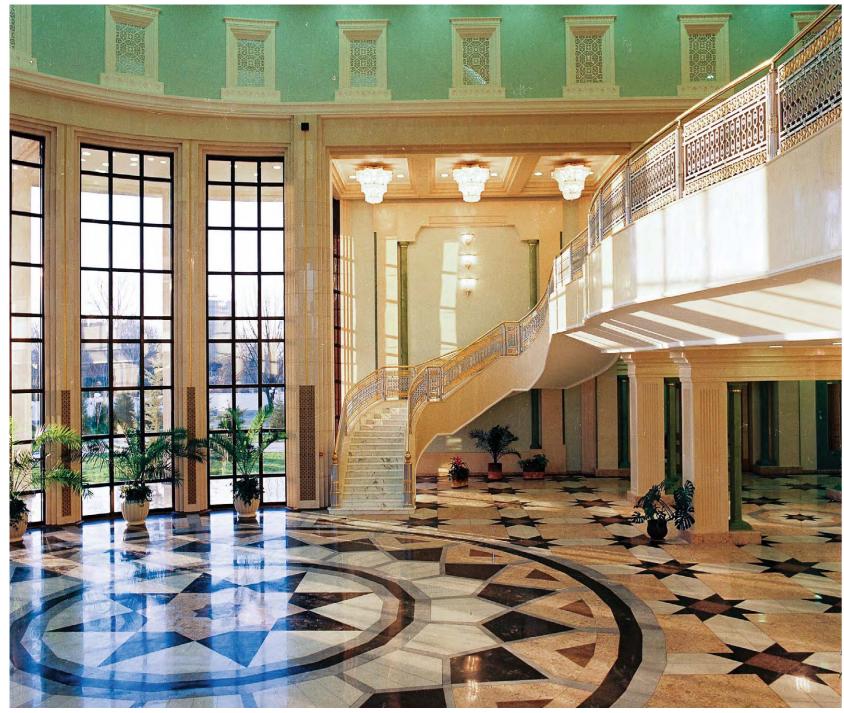

The Presidential Palace stands as a profoundly significant residence, symbolizing the Republic of Uzbekistan and embodying the stature of its esteemed President.

Occupying an expansive 5460 square meters, the palace is not merely a building but a testament to the nation's strength and leadership.

The interiors of this distinguished residence are meticulously crafted, with a focus on luxury and opulence.

The most sumptuous rooms showcase a harmonious blend of the finest natural materials, each painstakingly processed to achieve the pinnacle of refinement.

Wood, plaster, natural stone, and silk come together in a symphony of elegance, elevating the palace to a realm of unparalleled sophistication.

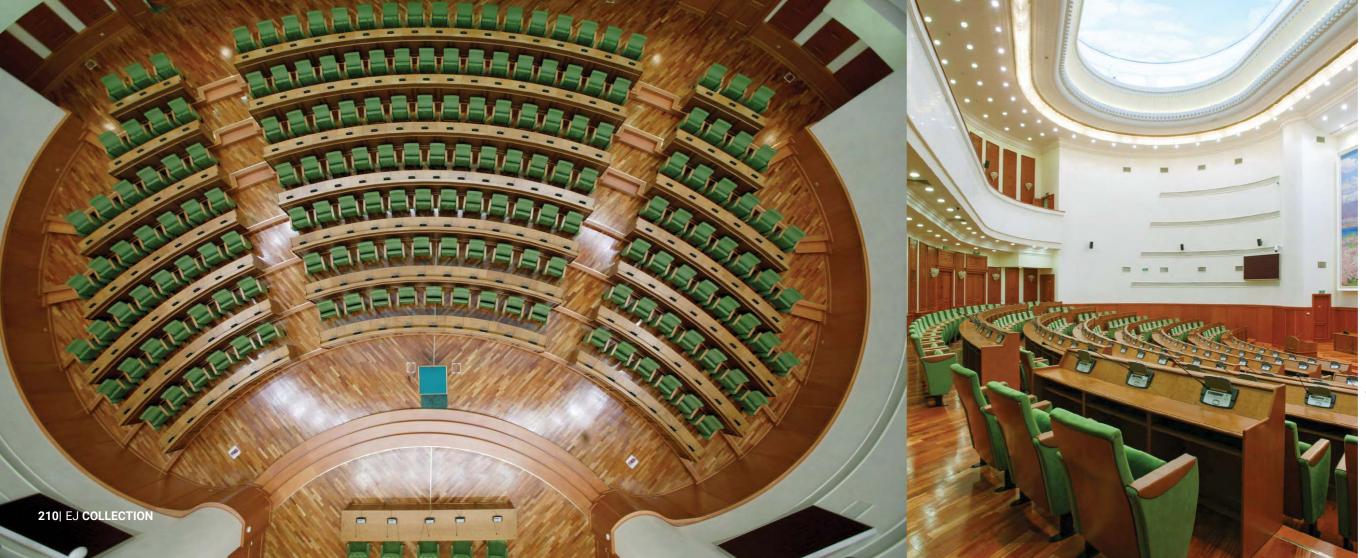

SENATE Tashkent, Uzbekistan

The Senate of the Republic of Uzbekistan stands as a pinnacle of representativeness, embodying the nation's governance with grace and distinction.

Exclusivity, durability, and modernity converge in the finishing materials that adorn the Senate, ensuring an environment of unparalleled quality. The meticulous selection of materials includes a harmonious blend of wood, stone, and stainless steel, transforming the building into a testament of sophisticated elegance.

From the doors that greet dignitaries to the wall linings that echo with history, and the floorings that bear the weight of legislative decisions, every element within the Senate is of the highest quality.

CONSTITUTIONAL COURT

Moscow, **Russia**

The Constitutional Court of the Russian Federation holds a distinguished position as one of the most vital state buildings proudly featured on Enterijer Janković's reference list.

Our company, with a commitment to excellence and a reputation for delivering exceptional results, took on the challenge of interior design for this esteemed institution.

In response to this task, we not only met but exceeded expectations, ensuring that the interior of the Constitutional Court reflects the gravity and significance of its role. Our success extends to the production of doors and the highest quality wooden linings, meticulously crafted to enhance the court's ambiance.

The finishing materials chosen for this project are a testament to our dedication to exclusivity, durability, and modernity.

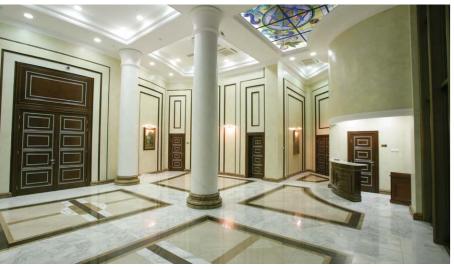

CONSTITUTIONAL COURT

Sankt Petersburg, **Russia**

The Constitutional Court of the Russian Federation holds a distinguished position as one of the most vital state buildings proudly featured on our reference list.

Our company, with a commitment to excellence and a reputation for delivering exceptional results, took on the challenge of interior design for this esteemed institution, including the production of doors and the highest quality wooden linings.

GOVERNMENT RESIDENCE

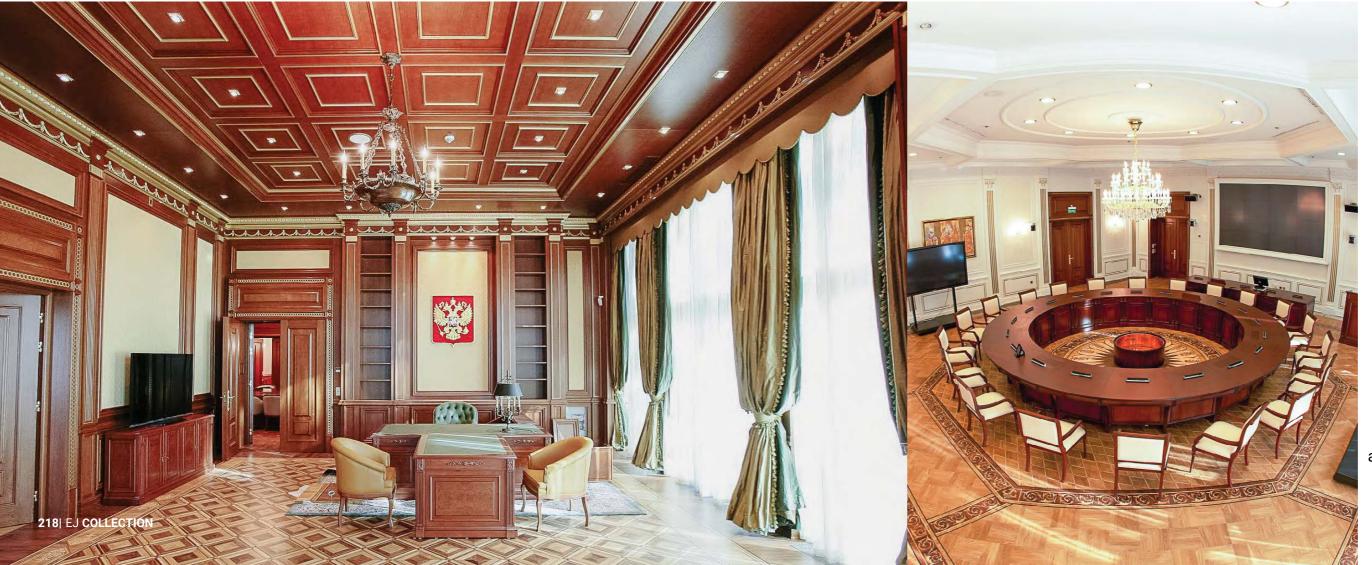

Samara, **Russia**

This extraordinary residential building located in Russia was purposefully designed for the prestigious G8 Summit, a testament to its unique significance and importance.

Enterijer Janković played a pivotal role in bringing this vision to life, overseeing the complete interior architecture and execution of works.

Our company's expertise in handling projects of such magnitude is reflected in the seamless integration of design, functionality, and attention to detail.

PRESIDENTIAL RESIDENCE

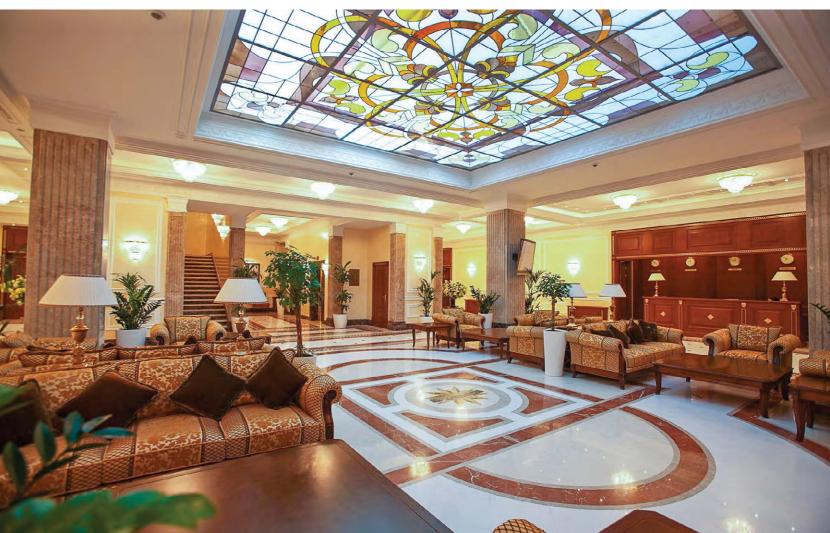

Kaliningrad, **Russia**

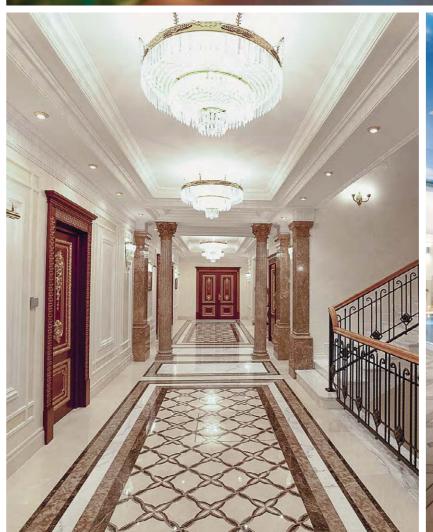

Situated in Kaliningrad, Russia, the magnificent villa stands as a crowning achievement among the most successful residential projects completed by our company.

Our commitment to the highest quality is evident in every detail, particularly in the production of doors, wall linings, and furniture, all crafted in the distinguished Russian style. The seamless combination of traditional Russian aesthetics with modern luxury results in an ambiance that not only reflects opulence but also exemplifies our dedication to unparalleled craftsmanship.

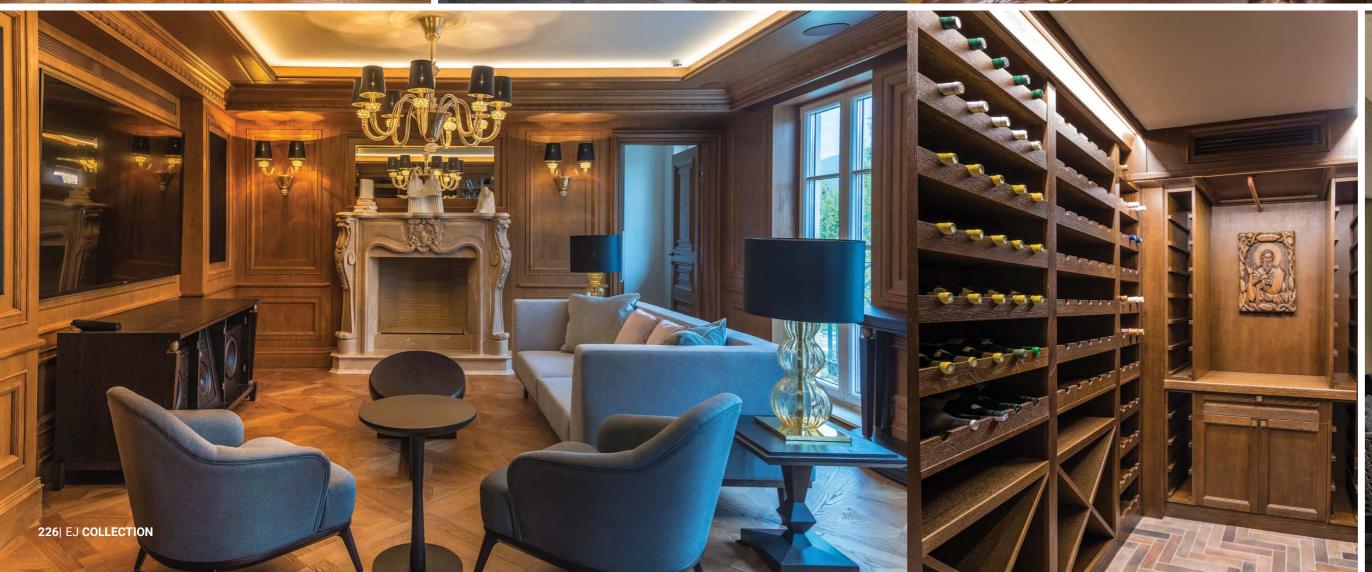

PRIVATE RESIDENCE

Skopje, North Macedonia

This 1000m² architectural gem, nestled in the heart of the capital of North Macedonia, posed a formidable challenge in design, production, and execution. Overcoming these challenges became a testament to our expertise and commitment to delivering exceptional results.

The interior design of this facility goes beyond aesthetics, it symbolizes success and the innate desire for a luxuriously equipped space. The value inherent in every corner reflects the culmination of aspirations in both life and work. Each element within the building is meticulously crafted to represent the crown of fulfillment, creating an environment where opulence meets functionality.

PRIVATE RESIDENCE

Reževići, **Montenegro**

This opulent villa, sprawled across an impressive 2500 square meters, graces the enchanting Montenegrin Coast with its exceptional presence. Positioned in one of the most sought-after locations, this residence goes beyond the ordinary, standing as a paragon of lavish living. Meticulously designed to exceed the highest standards of comfortable living, this extraordinary property is a testament to luxury and sophistication. Its unique interior elements, curated with precision, showcase unmatched elegance that defines the essence of opulence. Every corner of this residence is a masterpiece, distinguished by the use of top-tier quality materials that elevate it to the pinnacle of luxury living.

As one of the most lavish residences along the Montenegrin Coast, this villa not only boasts an extraordinary location but also represents an unparalleled commitment to creating a living space that transcends expectations, offering an exquisite blend of luxury, comfort, and timeless elegance.

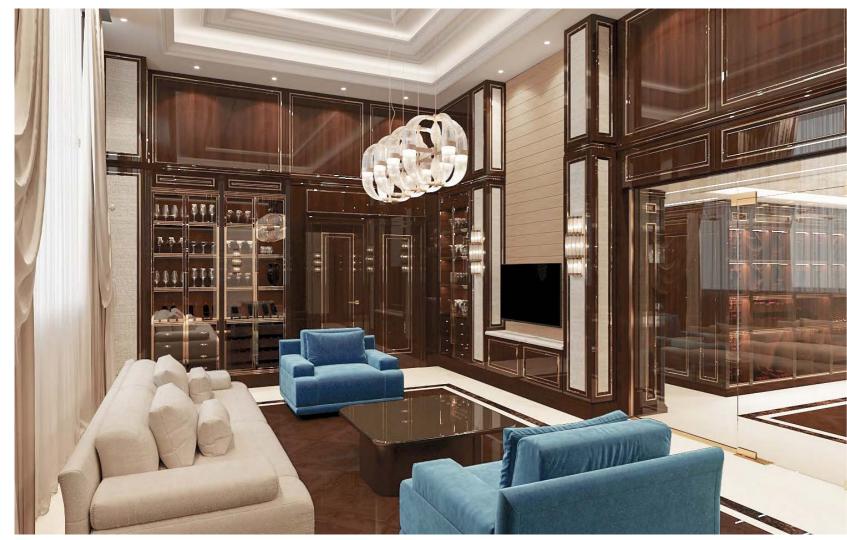

PRIVATE Dobra Luka, Montenegro

Engaging in another noteworthy project, our company participated in the entire journey, from conceptual design to turnkey completion, for a remarkable 3500m2 residence situated along the Montenegrin coast.

Among the distinctive interior features, a standout is the stone floor adorned with floral inlays crafted from various types of onyx and marble.

Additionally, the parquet flooring, embellished with an intricate floral pattern and wood inlays, adds a touch of exquisite craftsmanship to the residence.

MOON ISLAND

Doha, **Qatar**

Adding to our series of meticulously furnished residences, EJ Group takes pride in outfitting a sprawling villa on Moon Island, an enclave of 9 artificial islands. This grand residence of the royal family, spanning an impressive 10,000m² across three floors and boasting over 80 rooms, is strategically positioned on the second island.

What sets this villa apart is not just its scale but its extraordinary features. The property includes a private beach, offering an exclusive retreat amidst the beauty of Moon Island. Further enhancing its allure is direct access to a yacht, providing a connection to the surrounding azure waters.

HIDD AL SAADIYAT Abu Dhabi, UAE

This expansive project stands as a cornerstone in our company's portfolio, ranking among the largest in both volume and duration. The ambitious undertaking involves the meticulous furnishing of 462 luxury villas within a modern settlement - a project that not only showcases our commitment to excellence but also our capacity to manage projects of unparalleled scale.

Exclusive doors, intricate decorative claddings, and bespoke furniture are just a glimpse of the comprehensive furnishing that defines each villa.

This venture represents a remarkable contribution to the modern landscape of Abu Dhabi, as the construction of these luxury villas within a contemporary settlement marks one of the most prominent projects in the region.

PRIVATE RESIDENCE

Palma de Mallorca, **Spain**

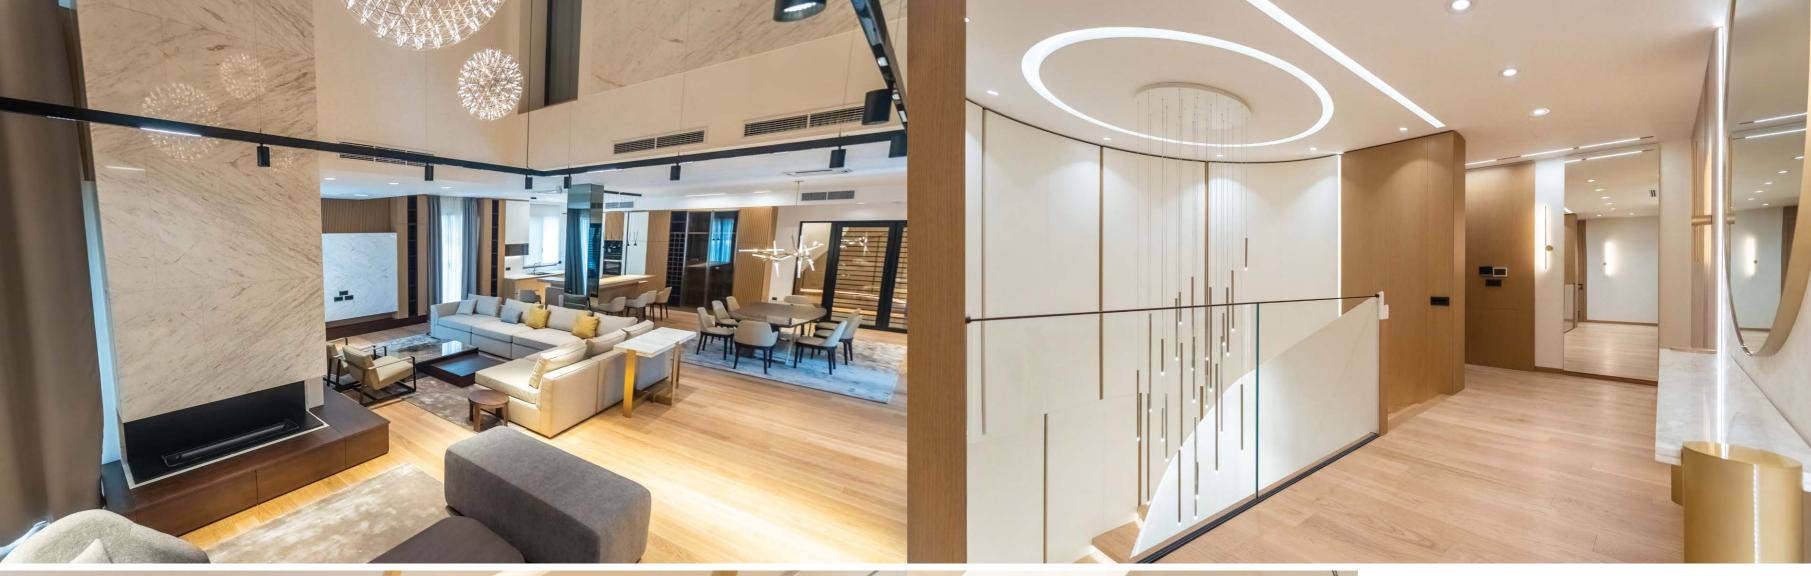

This distinguished project was commissioned as a summer residence for renowned sports stars, situated in the enchanting setting of Palma de Majorca. Our company spearheaded the transformation of both houses, overseeing every aspect from initial design to conceptual solutions, culminating in a complete fit-out of the interiors (excluding craftsmanship).

Catering to the unique needs and preferences of our esteemed clientele, the project involved the meticulous reconstruction and expansion of the existing villa, breathing new life into its spaces.

PRIVATE RESIDENCE Serbia

Adding another illustrious chapter to our portfolio, a major sports superstar chose EJ to bring his dream house to life. This project stands as a testament to the trust placed in our company, where we assumed control of every facet, from the project's initial concept and design to the triumphant completion of construction.

In this endeavor, our 'turnkey' system for both interior and exterior work execution truly shines. EJ's commitment to excellence is showcased in our seamless handling of the entire process, ensuring that every detail aligns with the client's vision. This includes not only the structural elements but also the complete furnishing of all interior

spaces.

PRIVATE RESIDENCE

Moscow, **Russia**

In the exclusive part of Moscow, our team embarked on a journey of meticulous design and furnishing, transforming a remarkable space into a luxurious property spanning 2000m². Our experts dedicated themselves to infusing this space with the perfect blend of finest aesthetics and unparalleled functionality.

This modern complex is a testament to our commitment to excellence. Every inch of the property is adorned with exceptionally crafted carpentry, doors, portals, ceilings, and wall coverings. The built-in and modular furniture, meticulously designed to harmonize with the overall aesthetic, further elevates the grandeur of this residence.

The craftsmanship behind each element is a symphony of precision and artistry, setting a new standard for luxury interiors in Moscow's elite neighborhoods.

The integration of these elements was executed with the utmost care, resulting in an elegant and sophisticated ambiance that defines the essence of opulence.

252| EJ COLLECTION

PRIVATE Moscow, Russia

Nestled in the heart of Moscow, within one of the city's most opulent new developments, is a modern three-bedroom apartment designed to redefine the concept of urban luxury. Strategically located, this residence offers the owner more than just a living spacev it provides the unmistakable feeling of a much larger home, where every corner is curated for comfort and sophistication.

Every interior element, from custom-made furniture to meticulously crafted doors, panels, and the kitchen, is a result of thoughtful integration. The aim is clear – to exude modern elegance and add a special charm to this contemporary and functional living space.

PRIVATE | Moscow, Russia

For a seemingly small but exceptionally luxurious apartment in the upscale area of Moscow, we provided custom-made furniture, doors, panels, and the kitchen. The elements made from eucalyptus veneer stand out prominently with their beauty and high gloss.

RITZ-CARLTON RESIDENCES

Astana, **Kazakhstan**

The exquisite Ritz Carlton residences within the prestigious Talan Towers represent a top-quality mixed development that redefines luxury living.

Our company had the honor of playing a pivotal role in enhancing the life experience offered by this esteemed development. Responsible for the complete interior furnishing, our team meticulously crafted the ambiance of 48 apartments, infusing each space with a blend of sophistication and comfort. But our scope extended beyond living spaces, we also curated the interiors of the bar and spa center, ensuring that every corner reflected the uncompromising standards of the Ritz Carlton brand.

PRIVATE Kitzbühel, RESIDENCE Austria

The Winter House project, a masterpiece from the initial concept by our designer to the meticulous execution of the work (excluding craftsmanship), proudly bears the distinctive signature of EJ.

Every detail, from the choice of materials to the execution of the work, was carefully curated to bring this vision to life. Contemporary materials, including the innovative Lapitec, were employed to not only showcase modernity but also to enhance functionality.

In crafting this mountain retreat, we looked to the natural environment as our muse. The integration of naturally occurring stone and rustic oak cladding was a deliberate choice to seamlessly blend the Winter House into its surroundings. These materials not only elevate the aesthetics but also contribute to a sense of connection and harmony with the serene mountain landscape.

PRIVATE | S

Novi Sad, **Serbia**

Enterijer Janković has once again set a new standard, surpassing its own achievements with a modern and uniquely designed project nestled in the heart of the city. What sets this project apart is not just its aesthetics but the meticulous attention to detail and the non-standard production that adheres to the highest standards of workmanship.

Professionalism and efficiency define the installation work, ensuring that the vision becomes reality seamlessly. The interior elements, carefully crafted from wood, stone, brass, and luxury furniture, are not just materials, they are expressions of the latest world trends. Each element adds a layer of sophistication, creating a space that resonates with contemporary elegance.

PRIVATE | APARTMENT |

Monte Carlo, **Monaco**

Wherever luxury resides, our company stands as a beacon of modern design, contributing to spaces that redefine opulence.

Our client-centric philosophy is the cornerstone of our success. We take pride in not just meeting but exceeding the dreams and visions of our clients. Each project is a collaborative journey, where our expertise converges with the unique aspirations of those we serve.

ONE BLACKFRIARS London, PENTHOUSE United Kingdom

This magnificent 5-storey futuristic penthouse, nestled in the heart of central London, stands as a captivating window into the future of interior design and furnishing. Our company, with great honor, took on the responsibility of equipping this avant-garde space, leaving behind a mark of professionalism, creativity, and an unwavering commitment to meeting diverse tasks and staying at the forefront of design trends.

The penthouse's futuristic allure is manifested in every corner, where innovative design elements redefine the conventional norms of luxury living. From cutting-edge technology integrations to avant-garde furnishings, each detail contributes to the narrative of a space that transcends time.

The prestigious location adds another layer of distinction, allowing residents and guests to immerse themselves in the cultural richness of the surroundings. The pedestrianised Carnaby Street, the renowned art gallery "Waddington Galleries," and the iconic Royal Academy of Arts are just steps away, offering an unparalleled experience at every turn.
